MOKENA, WILL COUNTY, ILLINOIS

THURSDAY, SEPTEMBER 17, 1959

10c Per Copy

Published every Thursday by Semmler Press, Inc., at Mokena, Will County, Illinois. Entered as second class matter at the Post Office at Mokena under the act of March 3, 1879. Subscription \$3.50 Year. K. S. Johnson, Publisher, Glenn F. Logan, Managing Editor, William Semmler (1887-1949) Founder. Phone: Mokena 5521, 4151.

FOUNDATIONS ARE IN FOR ORLAND PARK'S new fire house, which is going up alongside the old quarters on Beacon Street. The Orland Park fire department, a volunteer outfit like the others in area, has outgrown its present quarters on the ground floor of a rickety two-story structure that formerly also served as a village hall. The village board met on the second floor and when it stormed the building swayed and shook to such an

extent that council sessions on such occasions were hazardous affairs. The old building is due to come down when the new is completed and there is a possibility that the village may sometime build wing on the new structure to serve as its offices. The financing of the new fire house is being carried out thru contributions by the public solicited by members of the fire department. (Marvin Smith photo)

Mokena Picnic

Annual Event Set for Week-end

The Mokena Community picnic, which has become an annual event, is to be held Saturday and Sunday, Sept. 19-20. The affair, sponsored by the Lions club, will be held in Mokena Community park. It is open to the general public.

There will be baseball, dancing, pony rides, concession booths, a band concert and Sunday afternoon there will be free ice cream and pop for pre-school and grade school children.

Those in charge would like to see families come out at noon or in the evening and utilize the park's facilities for picnics and cook-outs.

It is true that the park is now operated and maintained by the Mokena park district, a taxing body, but it was formed only this summer and the taxes it levies will not be payable until next year. In

the meantime there are expenses that must be met so 50% of the proceeds from the picnic this weekend will go to the park.

On Saturday there will be a ball game at 2 o'clock and at 7:00 the Mokena grade school band is to give a concert. This will be followed by a dance with the music provided by the Teen Tones. Dancing will be from 8 to 11.

On Sunday afternoon, beginning at 2 o'clock, there will be games and races for the youngsters. At 3:30 a bugler is scheduled to blow Boots and Saddles to signal the appearance of entries in the "Mokena Derby." The jockeys will be James Surovick, Roy Richardson and Mrs. Kenneth Sherwood.

The Lincoln-Way high school band is to give a concert Sunday night at 7:30 o'clock, fol-

lowed by dancing from 8 to 11.

The free ice cream and pop will be served to pre-school and grade school children between 1 and 5 o'clock Sunday afternoon.

The concessions will open both days at 2 in the afternoon and operate until 11. The Mokena Book club, which operates the Mokena library, is to have a booth at the picnic where used books will be sold. The stock for the booth will come thru donations to the cause, it was explained. Persons who have books they are willing to donate are asked to contact Mrs. Ralph Thompson, who will collect all books made available. Mrs. Thompson's phone number is Mokena 5175.

Proceeds from the sale of these old books will be used by the Book club to purchase new volumes for the library.

Orland Discusses Sewers

Sen. Goldwater Will Address G.O.P. Women

Over 1,000 guests will hear Senator Barry Goldwater of Arizona address the annual luncheon of the Republican Suburban Committeewomen tomorrow, Sept. 18 at the Palmer house. He will be introduced by Sen. Everett Dirksen of Illinois, minority leader of the Senate. Gov. Stratton of Illinois is also expected to be present as well as many other state and local Republican officials.

An outstanding and outspoken legislator, Sen. Goldwater is also a successful businessman who, with his bro-

Senator Goldwater

ther, put imagination to work to expand their family dept. stores. An experienced pilot, he is the only member of this Congress who has a command pilot rating. He flew for the Air Transport Command in World War II and is still active in the Air Force Reserve and the Air National Guard.

He is a well known member of the controversial Labor and Public Welfare committee. Always a forceful speaker he is extremely well informed on prominent issues and forthright in expressing his own opinion of them. The thirty suburban Republican committeewomen have worked all summer to perfect plans for this annual party.

South suburban women active on the committee are Mrs. Julia Harnett, Chicago Hts., Mrs. Helen Malia, Markham, Mrs. Gertrude Freeman, Calumet Park, Mrs. Mabel Ekberg, Orland Park, Miss Alice Greenacre, Palos, Mrs. Virgil Olfe, Homewood, Mrs. Margaret Hunt, Oak Lawn and Mrs. Charles Gibson, Dolton.

Many lovely prizes will be an additional attraction.

Suffers Serious Bullet Wound; Freakish Mishap

Robert Waldvogel, 24, of 145 W. Haven, New Lenox, is in Silver Cross hospital in serious condition as a result of bullet wound suffered in a freakish accident.

He had a .22 caliber pistol in the car and to make it safe had removed the cylinder in which the cartridges are inserted and was carrying that in his shirt pocket. The gun itself was in the back seat of the car when Waldvogel drove into the garage at his home last Thursday night.

He got out and when he did so his attention was caught by a piece of china on the floor. He started to bend down to pick it up when the cylinder fell out of his pocket.

Waldvogel and Police Chief George Kennedy and Officer Loren Cantrell who investigated the case believe there was a piece of gravel on the floor and that when the cylinder dropped the end of a cartridge case struck just right so it was exploded.

The bullet, a hollow nose type, struck him in the chest inflicting a serious wound. He was rushed to the hospital where he is still on the serious list.

Village in Need of More Water to Serve Growing Population

The sewer question is of paramount interest in Orland Park these days but the village board is confronted with considerable study yet before it is ready to come up with figures covering the estimated cost of the proposed program.

Besides sewers Orland Park needs additional water sources it was pointed out, in order to keep up with the sudden population growth.

When the village had a new well drilled and an elevated tank erected it was anticipated the village would grow but the growth was expected to follow a normal pattern. Instead it has exploded, so to speak, and the sudden sweep of hundreds of families into the village has put a strain on the existing water supply. Complaints of water shortages were voiced in some sections this summer.

Therefore, when the village board began talking about expropriation of the present water supply.

Mortimer Lang, of Benjamin and Lang, a Chicago firm specializing in municipal bonds, appeared at the board meeting Monday. There were some 40 persons in the audience at the council meeting and if they didn't know about such things previously they had the basic facts of municipal tax problems when they left. Mr. Lang talked for more than an hour, giving an analysis of the financial situation of Orland Park.

He explained how assessed valuations are made and that a municipality could issue general obligation bonds—bonds that are paid off thru taxes—up to five per cent of the assessed valuation.

Lang also explained how tax rates are made and gave figures on tax collections.

Orland Park, for instance, has been able to collect 97.3% of its taxes, which is considered very good.

The village owes approximately \$60,000 in bonds that were voted three years ago to pay for the new well and tank. How much it can raise thru general obligation bonds now will depend on the valuation.

In 1958 the total assessed valuation of Orland Park was \$2,706,316. The figure for 1959 is not available but some believe that it will be approximately double that of 1958.

If Orland Park should have an assessed valuation of say \$5 million, it was pointed out, the village would have a bonding power of \$250,000. But since it has some \$50,000 in bonds outstanding, the total net figure it could issue in bonds would be around \$190,000.

The total tax rate for the village of Orland Park for 1959 was 53 cents per \$100 equalized assessed valuation. Of this amount, 1636 cents was levied to meet bond and interest payments. The general corporate tax rate was .2337 cents, the same it has been for many years and the rate for garbage collections, .0651 cents has been constant also. The library tax which formerly was eight cents has been dropped to approximately six cents now.

Mark Lovejoy, village engineer, showed the proposed routes for the sewer by means of aerial photographs. It will be some time yet, it was indicated, before plans are at a stage at which fairly accurate estimate of costs can be made, it was said.

After an estimate of costs is arrived at the village will then determine the method of financing the improvements.

(Continued to page 2)

Short Circuit Causes Blaze In Hauck Home

A blaze started from a short circuit caused damage estimated at \$1,500 yesterday in the new home of Sheldon Hauck, New Lenox business man, on Francis road.

The fire occurred about 10 o'clock yesterday morning. Some electricians were working in a bedroom when a circuit shorted and ignited the drapes at one of the windows.

The blaze spread rapidly and before it could be controlled there was damage to the walls, the carpeting and some of the furniture.

Mr. Hauck estimated the damage at approximately \$1,500.

The New Lenox fire department responded to the alarm and included in the equipment was an ejector to clear the house of smoke.

The fire damage was confined to the bedroom.

Farm Machinery Can be Crippler

By LOREN SASS
Chairman Will Co. Soil Conservation District

The conservation of our soil and water and natural resources is always being stressed. Since the fall harvest season is drawing near, here is a plea of self conservation.

Every fall, corn pickers and elevator drive shafts cause an unmeasurable amount of pain and suffering as well as an unforgettable loss of hands and feet. Many people have had to re-adjust their entire way of living just for one care less second. A whole life can be damaged during one tick of a watch. A few seconds saved in careless haste may waste hours or even days of future life.

Machinery must be treated with utmost respect. It must be used as a helper not a cripple!

Petitions ICC

Here's Chance to Get Gas Heat

Northern Illinois Gas Company has asked the Illinois Commerce Commission for permission to authorize gas space heating for up to 26,000 existing single family dwellings. ("Existing" homes are those occupied when application for gas heat is made.)

In a petition filed Wednesday afternoon of last week, NI Gas said a survey showed that not all of the new homes and businesses authorized in May and June to use gas for heating will complete their installations by mid winter. Thus there will be a limited quantity of gas available to take care of existing single family homes applying for gas heat after May 31, 1959.

NI Gas released 41,500 au-

thorizations to single family dwellings on May 4 based on the additional daily supply of 50 million cubic feet of natural gas from Northern Natural Gas Company slated to start this October. On June 24, the utility began mailing out 65,000 authorizations when assurance was received that mid western Gas Transmission Co. would deliver 60 million cubic feet per day by the end of the year.

The latter release cleared the waiting list of single family homes to May 31, 1959. It also authorized gas heat to all new homes to be completed by the end of the year, and made natural gas available for the first time on a limited basis

to multi unit residences, schools, churches, municipal buildings, and commercial and industrial establishments.

Upon ICC approval of Wednesday's petition, the existing homes to be authorized would have 12 months in which to convert heating equipment to natural gas. When all installations have been made, NI Gas expects to be heating about 400,000 homes in its 20 county service area in northern Illinois.

H. A. Diekmann, vice president of Northern Illinois Gas Company, emphasized that all gas heat applicants must receive written authorization from NI Gas before installing equipment.

their memberships or take one out may contact Mrs. Bernice Cervinka, who is in charge of the drive in this section. Her telephone number is 3671.

Mrs. Cervinka said there were quite a few persons in the area who belong to the

"Y" at Joliet, including a number of women in the YWCA.

She emphasized that the "Y" has programs to fit all persons, men, women and youngsters.

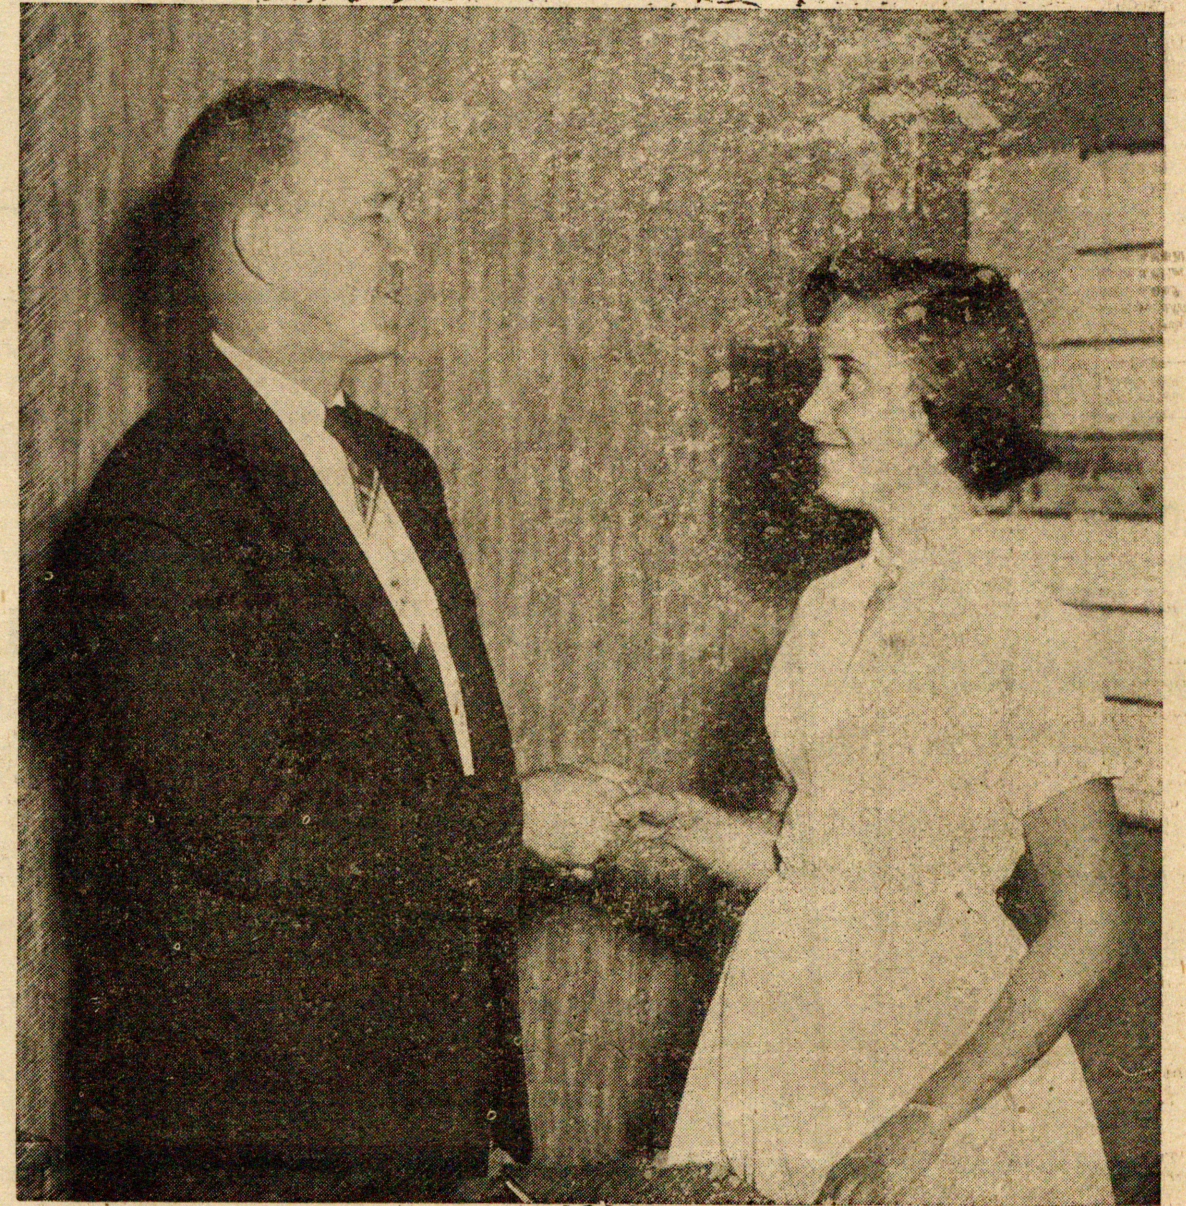

Joliet 'Y' Opens Annual Drive

The Joliet YMCA has opened its annual membership drive and persons in the Mokena area who want to renew

IT'S SILO TIME AGAIN . . . and farmers around the area are beginning to fill them up in preparation for the cold, disagreeable, wintry months ahead. This particular scene

was being enacted on the Fred Brown farm, Mokena, and the men (l to r) are Charles Erickson, Orland twp., Ted Ornsby and Frank Heissner. (Marvin Smith photo)

WELCOME BACK is given Kay Gersich, a Lincoln-Way senior, by Supt. A. Hunter Chapman. Kay was late in resuming classwork this month. When school opened Kay was still in Germany where she had spent the summer under the exchange student plan. She returned home last week, glad to be back but still thrilled with her experiences of the summer. Kay stayed with a well-to-do German family and found her visit was instructive as well as entertaining. She attended a number of sessions of school and

found so many German girls practicing their English on her that she had little opportunity to pick up German. Kay had not studied German before her trip but found so many Germans speaking English that she had no difficulties in getting information or directions when traveling or shopping. While away Kay sent several letters back to Lincoln-Way that were published in these columns and stirred quite a bit of interest among readers. (Marvin Smith photo)

Mokena Man's Mother Dies

Funeral services for Edna Brinker, 66, a former Mokena resident, were held last Saturday at Cisne, Ill.

Mrs. Brinker, who resided at 1601 Elgin avenue, in Ridgewood, died on Wednesday of last week at Silver Cross hospital following a long illness.

She was born Oct. 18, 1892, a daughter of the late William and Molly Atteberry.

Following her marriage to Oscar Brinker the couple moved to the Mokena area and farmed there many years. They moved to Joliet in 1950 and Mr. Brinker died there in 1952.

Surviving Mrs. Brinker are a son, William of Mokena; a daughter, Genevieve, Mrs. Stanley Curry, Joliet; two brothers, Percu Atteberry, of Mt. Erie, Ill., and Walter of Cicero; three sisters, Mrs. Anna Fishel, of Fairfield; Mrs. Nellie Bowers, and Mrs. Mabel Glover of Albion, four grandchildren and two great grandchildren.

A brother Ray, preceded her in death.

LINCOLN-WAY SENIOR

(Continued from page 1)

ception and enjoyed every minute of it.

Her biggest thrill, she relates, was the approach to New York harbor. The students were on deck when two navy cruisers passed alongside.

In spontaneous unison, the boatload of young people burst into song: "First 'My Country 'Tis of Thee', followed by other patriotic songs. As they finished singing, the lights of New York city came into view, bringing with it the realization that here was America, their country, and a day much like the one who on experiencing this same thrill said, "This is my own, my native land."

Kay feels she has gained a deeper appreciation of America now that she can compare it with a foreign country. Most young people, she feels, take all of the advantages offered in the "land of the free" for granted, but for Kay and all of the other students who have had the opportunity to visit foreign lands, a deeper appreciation of their country has been obtained.

The Lincoln-Way student plans a teaching career, perhaps Spanish or history. She is very grateful to the faculty of Lincoln-Way who helped her achieve a never to be forgotten summer vacation.

BACK FROM TRIP

Mayor George Sangmeister, of Frankfort, whose sales ability won for him a trip to Lost Lake in Wisconsin, also displayed considerable ability as a fisherman. Back this week he reported having caught the limit of wall-eyes allowed by Wisconsin laws and among them was one that set the record for the season at Lost Lake -- a wall-eye weighing seven pounds.

"In free countries every man is entitled to express his opinion -- and every other man is entitled not to listen." --G. Norman Collie

Sandburg Adds Latest Works to Science Library

Science education will be given additional emphasis during the current year at Carl Sandburg High School. Superintendent William O. Fisher's application for participation in the Traveling High School Science Library Program has been accepted by the American Association for the Advancement of Science.

A set of 200 outstanding, evaluated, up to date books in the sciences and mathematics will circulate to the school library from Washington D. C. All branches of science will be covered and the reading level will range from books the brilliant junior high student will find interesting to some that will give the outstanding high school senior a taste of advanced work. The collection is valued at more than \$1,100.

The idea for this experimental program, aimed at interesting more students in scientific and technical careers, originated with the National Science Foundation, an agency of the Federal Government established in 1950 "to promote the progress of science." The AAAS was requested to administer the program.

The AAAS was organized in 1848 and is the oldest national scientific society. It is a federation of 279 scientific and professional societies and has over 56,000 individual members. It accepted the NSF grant, and in 1955 selected and administered the first library of 150 books which circulated to 66 schools. From this modest beginning the program has expanded until during 1959-60 the library will go to about 1,700 schools in every state in the union, the American Community School of Paris (France), and to U. S. Army, Navy and Air Force dependent schools thru out the world.

The 200 books are circulated 50 at a time to four high schools in geographic proximity, the cases rotating every two months. In this way new titles with a fresh appeal appear periodically. The books in their traveling cases are on display in the school library, and representatives of PTA, civic groups, service organizations and interested individuals are invited to examine them.

VILLAGE IN NEED

(Continued from page 1)

If the costs are within the limits of the village's bonding power it could be financed in that way. It could be financed thru revenue bonds -- bonds that are retired from money paid in for water and sewer service, or by a combination of revenue and general obligation bonds.

There is also another means -- special assessment bonds which are a charge against the real estate benefitted but this means is seldom employed anywhere because there is little or no market for such bonds, it was said.

Usually when special assessment bonds are used the contractor has to take them and then to get his money must sell them at a substantial discount. As a result jobs financed in this way, it was pointed out, cost a great deal more than when general obligation and revenue bonds are used.

Sell Tickets for Band Boosters' Dance at L-W

Members of the Lincoln-Way Band Boosters are busy now in the Mokena, Frankfort, New Lenox and Manhattan area, selling tickets for the dance to be held Sept. 26 in the high school gymnasium.

Proceeds from the dance will be added to the funds to purchase uniforms and instruments for the band.

The Boosters have 1,500 tickets for sale and have hopes of disposing of all of them.

"We need all the money we can raise," said Anthony Dina Mokena, president of the Band Boosters, as it costs considerable to provide uniforms for band members and to also furnish some of the instruments."

A band well known in the area will provide the music for dancing that is scheduled to begin at 9 o'clock and continue until midnight.

L-W Voc. Ag. Has Big Project

Federal authorities have insisted that the back entrance to the Vocational Agriculture department in the high schools of our country should be extra large.

Lincoln-Way community high school learned why last week. As of now, Robert Van Rheeden, head of the L-W Voc. Ag. dept., is instructing the boys of his many classes in the use, maintenance and repair of a huge combine.

Lincoln-Way's Voc. Ag. is just what the terms vocational and agriculture symbolize. Mr. Van Rheeden's courses are the application of theory right in the home farm situation.

"We adjust our teaching schedule to meet the schedule at home on the farm," he stated.

The students are now studying the huge combine as the soy bean harvest is here. After they have finished the section on the combine they will move to the corn picker. An actual corn picker will be brought to the class room, demonstrated and worked on.

To finish off the fall program a bit of work in actual fall plowing will be conducted. And so the schedule of

Question Three Mokena Youths In Larceny Case

Called up in the Joliet police court Monday the case against three Mokena youths arrested in the course of an investigation of the larceny of automobile accessories, has been continued for 10 days. The three are at liberty on bonds of \$500 each.

Arrested were George A. Schwartz, 17, Charles A. Flory, 16, both of 195th street and Timothy W. Noodwang, 21, of 20549 Wolf road.

They were arrested early Sunday morning. Joliet Police Sergeant Donald Zier noticed the trio parked in a car on Washington street, near Michigan. When he stopped to make a check the sergeant noticed some hubcaps under the front seat. He also saw some rearview mirrors and a screwdriver. Further search disclosed two fender skirts.

According to the police report Schwartz is alleged to have admitted taking the things from cars parked along Washington street and nearby thoroughfares.

Noodwang denied knowledge of any stolen article but Schwartz told police, the report states, that he and Flory were in a Mokena restaurant Sunday night when Noodwang came in and allegedly suggested they go out and get some auto accessories.

Orland Park Seeks Aid to Widen West Ave.

West avenue presents Orland Park with a traffic problem.

Cars travel too fast on that thoroughfare, village officials agree, but the state highway department permits it.

West avenue also narrows between 144th street and the Wabash tracks so at certain times of day lines of traffic are brought to a standstill by virtue of this bottleneck.

Mayor W. R. Schussler, Jr., and Village Attorney Raymond Pieper were named as a committee by the village board to confer with county officials in an endeavor to remedy the situation.

The village would like to have the county acquire the right of way to widen West avenue in the vicinity of the Wabash crossing. The present width of the street along this section is 33 feet and the village would like to have it doubled.

The village board is endeavoring to get a reduction of the speed limit on West ave. The state highway department set a 30 mile an hour speed limit on West ave. and this is too fast, according to residents and village officials.

The village is hopeful of getting this lowered because of so many school children using this thoroughfare, by having it declared a school zone.

Hughes is working in the engineering department at the University of Idaho. He had previously received some financial aid on a football scholarship.

GET A POCKET STAMP FOR YOUR CHILDREN AWAY FROM HOME. ON SALE AT THE OFFICE OF THIS NEWSPAPER

classes continue in the Ag department at Lincoln-Way. To make the vocational mean what it says, each student must maintain his own farming program at home. He must lease the land, get the soil, work at weed control, get the right fertilizer, get the crops in and harvest them.

A group of ag teachers visit the individual projects and judge them on the above mentioned points.

Probably no other department is more vocational in intent than the Voc. Ag. dept. at Lincoln-Way. To clinch the vocational intent, Van Rheeden pointed out: "We even repair the machines here in our shop. We teach the boys welding repair, how to change parts, and other essentials to farming machine repair. It is the same program that we give in our adult education for the farm father."

During the winter the department sponsors a laboratory for the senior boys. The boys work on soils from every conceivable chemical analysis. Here they are taught the habit of preparing for the spring. "Do your research in the winter and then put it into work

Van Donks Soft Touch for Dogs

Years ago when tramps were more prevalent than they are today they were credited with having a code of signs with which they marked homes and institutions so that others of the fraternity might know what to expect if they called. Persons who came to be known as soft touches were certain to get more than their share of itinerants.

Mrs. John Van Donk, Lincoln Estates, is wondering if dogs have a similar system because it seems that if a dog becomes lost in the area he winds up at their place.

The Van Donks had noticed a young male dog, scarcely more than a pup, hanging around their premises for the past several days but they did not flash the "come in" sign until yesterday when Mrs. Van Donk saw the dog was bleeding in the neck and upon examination the wound appeared to have been made by a BB or possibly a 22 bullet. So now they have another dog to find a home for unless the owner shows up. The dog appears to be a mixture of beagle and terrier, Mrs. Van Donk said -- its coat being long and looking like that of a terrier while its coloration is that of a beagle, black, tan and white.

Township Road And Bridge Levies Get O.K. by Board

Road and bridge levies in the area will county townships have been approved by the board of supervisors.

Lockport is the highest, \$126,700 and Green Garden the lowest, \$6,000.

The levy for New Lenox township is \$46,200; for Frankfort township, \$35,000 and \$35,000 for Homer township. Manhattan's levy was \$9,625 and Peotone, \$10,690.

Of course the highest in the county was for Joliet township \$317,900.

The total for the 24 townships in the county was \$830,114, an increase of \$23,500 over a year ago.

L-W Graduate Appointed to NROTC at Idaho

Robert A. Hughes, of New Lenox, a spring graduate of Lincoln-Way community high school, has just been ordered to the University of Idaho, Moscow, Idaho, as a midshipman in the Naval Reserve Officers Training Corps by the United States Navy.

Hughes was among the 25,000 high school students who participated in the nationwide college aptitude test program last December. His score in the test qualified him for further processing, and he was eventually selected for an appointment to the NROTC by the state selection committee.

Upon the successful completion of this college training, he will be commissioned as an ensign in the U.S. Navy or a 2nd Lieutenant in the U.S. Marine Corps.

Hughes is working in the engineering department at the University of Idaho. He had previously received some financial aid on a football scholarship.

Marley

Woman's Club Launches New 1959-60 Season

By VIRGINIA SASS
New Lenox 3133

The Marley Woman's Club held its initial meeting of the new season at a meeting on Thursday afternoon in the home of Mrs. Mary Griffin.

Mrs. William Budick, president, called the meeting to order and presided. Reports were heard from the garden chairman, Mrs. Harold Mohney and the special events chairman, Mrs. John Hasibar. The delegates, Mrs. Freida Parchem, reported on the plans for the Will County League Fall Tri-annual, which will be held in Symerton on Tuesday, Sept. 29. Reservations are to be made with Mrs. Budick before Sept. 25.

Parchem, who will be the chairman of the flower show at the Tri-annual, requested members to enter their flowers, plants, fruits and vegetables in the show.

The program entitled, "Whip Tiredness Now," was presented by Mrs. Ray Hamer.

Refreshments were served buffet style from a pretty table by the hostess and her assistant, Mrs. Parchem. The October meeting will be held at the home of Mrs. Loren Sass with Mrs. Charles Sievert as co-hostess.

Rev. and Mrs. Ernest L. Snodgrass celebrated their 25th wedding anniversary on September 15 at their home, Box 446, Oxford, Ga. Rev. Snodgrass is a former pastor of the Marley Baptist community church.

Mr. and Mrs. Wayne Peterson and children Laura Sue, Tommy and Billy of Melrose Park and Mr. and Mrs. Loren Sass and daughters Cheryl and Verda Jo were supper guests Thursday evening in the home of Mr. and Mrs. Dan lei Sass.

Mr. and Mrs. Russel Lauffer drove their son Charles to Peoria Tuesday, where he is enrolled at Bradley University. They were accompanied by Mr. and Mrs. Charles Lauffer who were celebrating their wedding anniversary.

The Freeman Fellowship and BYF will meet at the Marley church Sunday evening, September 20.

The Misses Marion, Doris and Ethel Handorf and John Handorf, Sr. left Monday

ter, Carol Ann Dukes home to Arizona. She had been here for almost two months.

Rhonda Harmon has returned from Rockford where she spent a week with her father, Eldon Harmon. Rhonda entered the first grade at St. Mary's school in Mokena.

Mr. and Mrs. Donald L. Scates and son have returned from a week's vacation to Michigan. They spent a few days visiting Mrs. Scates' parents, Mr. and Mrs. Emery Ware at Arcadia, Mich. and they also spent a few days at Chief Lake Mich.

Mr. and Mrs. Lester Coy and family spent the Labor Day weekend at the Dells in Wis. They also went to Story Book Land, thru Santa Claus town and the Enchanted Forest.

Mr. and Mrs. Thomas J. Arendt and family have returned from a two week vacation trip to Phoenix, Ariz., where they visited with Mrs. Arendt's parents, Mr. and Mrs. William Dukes and other relatives. They took her sis-

Countryside News and Views

By William F. Whiteside
Cook Co. Assoc. Farm Adviser

The Department of Agronomy at the University of Illinois was established officially on Aug. 16, 1899. Long before that time, however, investigations of crop and soil problems had been under way. The Morrow Plots, oldest soil experimental plots in America, had been in existence 33 years when the department was officially recognized. In the opinion of P. G. Holden, first head of the department, the word "agronomy" was used for the first time at Illinois to designate the area of work in crops and soil.

Many persons identified with this department have made noteworthy contributions thru the years. Three striking examples in the area of crop production are the development of hybrid corn, the use of alfalfa as a forage crop, and the rapid extension of soybean crop acreage.

It has been said that "the star of hybrid corn first shone over the peaceful campus of the University of Illinois." Although many people have played their parts, Edward Murray East, M. S. 1904 and Ph. D. 1907, was largely responsible for the brilliance of that star. Since that time the use of new hybrids, developed as a result of corn breeding research, has added 20 bushels an acre to Illinois corn yields.

The soybean crop is relatively new to some areas of the United States, but not to Illinois. As early as 1896 an Illinois is recognized as the leading state in soybean production. For many years more

acres of soybeans were grown here than in all other states combined. Even now more than one fourth of the soybeans grown in the United States are raised on Illinois farms. The tremendous popularity of this crop began about 1920 as a result of research and extension activities.

Before 1912 alfalfa was believed not to be adapted to the soils and climate of Illinois. At that time the absence of suitable nodules in alfalfa and the need for limestone to correct soil acidity were shown to be responsible for alfalfa failures in the state. Now more than two million acres of this crop, seeded alone and in mixtures, are grown in Illinois.

Many examples could be given of outstanding contributions made by Illinois in the field of soil science: development of one of the strongest soil survey programs in the United States, establishment of the most extensive system of field culture experiments by any agricultural experiment station, and many other firsts.

The philosophy of soil fertility and permanent agriculture developed by Dr. Cyril G. Hopkins was a product of early investigations in soils. This philosophy was based on the concept that land passed to posterity should be richer—not poorer—than when it was taken over.

The most comprehensive soil testing program in the United States is the result of research conducted since 1920. In 1958 more than two million acres of land were tested at

122 extension and commercial soil testing laboratories.

As it has done in the past, the work of the Agronomy Department will continue to supply Illinois farmers with the kind of factual information that will enable them to make sound management decisions.

Large number of crickets are present around lights at night, and many home owners are being annoyed by these pests both inside and outside their homes. Crickets usually invade homes in the fall, as they seek warmth from cool outside temperatures. They damage fabrics, books, stored vegetables, perennial flower bulbs, roots and other items, especially in basements. In the basements, control with 2 percent chlordane, 1/2 percent dieldrin or 5 percent DDT as an oil or waterbase spray. Water diluted sprays will leave a white residue. Make applications along walls, under boxes and laundry equipment and in dark areas or other hiding places. In the living quarters, pick up the crickets with a vacuum cleaner or use a space spray containing pyrethrins for quick knock-down.

Apply any one of these chemicals as water diluted sprays to outside basement walls and lightly over adjacent grass and shrubbery to prevent further invasion.

Caution. To insure personal safety and eliminate insecticide residue hazards, read the labels carefully before applying insecticides, and follow all precautions.

University at DeKalb and Stewart entered Southern Illinois University at Carbondale.

The Senior MYF of the Methodist church had a jolly Sunday evening. They picked up all eligible freshmen and brought them to church for a get acquainted meeting. This coming Sunday evening's meeting will be a candlelight service for 15 new members. Total membership at senior meetings will then be 40. Sponsors for this month are Mr. and Mrs. L. B. Johnson.

Mr. and Mrs. LeRoy Hafstad and Mrs. Fred Tylander were recent dinner guests of Mr. and Mrs. Z. Belsky of Glenwood drive.

The Michael Barszak family enjoyed their vacation in the Wisconsin Dells area. Weekend guest at the P. L. Jochum home was Miss Judy Hoffman of Hammond, Ind. A barbecue for friends was enjoyed Sunday evening.

Mr. and Mrs. Harvey McLain have returned from an enjoyable western vacation via train which included a family reunion at Portland, Oregon. They also visited their family in Seattle, Wash. The highlight of the trip was a five day stay at Chateau Louise in the Lake Louise area.

Mr. and Mrs. James Reder and family of Waukegan were house guests of the Alvin Reders.

Mr. and Mrs. Fred Potberg, residents for many years are leaving the end of this month to make their home in Margate, Fla. They extend an invitation to Tinley friends to visit them when vacationing in Fla. Their new address will be 1431 West River drive, Margate, Fla.

The Julius Osbergs visited Mr. and Mrs. Estil Atkins in Hammond last weekend.

Mr. and Mrs. Kenneth Baumgardner have returned from a Winston Salem, N. C. vacation.

Mr. and Mrs. Dallas Webster Sr. were Sunday dinner guests of Mr. and Mrs. Fred Otto in Chicago.

Freshmen at the University of Illinois are Pat Rae, Ed Brown and Bob Rodger, all graduates of Bremen High school and the local public grade schools. Dale Hartwig will return to the university for his sophomore year. His sister Dawn, plans to attend Joliet Junior college. Junior colleges are also claiming Rich Tindall and Jerry O'Neill at Thornton. Bill Fierke returns for his second year at Bloom

Mokena

Schools, Public and Parochial, Set New Records for Enrollment

The Mokena public schools have the largest enrollment in their history, it was announced this week by the superintendent, Mrs. Elizabeth Cappel, and the same is true of St. Mary's parochial school, according to its principal, Sister M. Mercedes.

The total number of pupils enrolled to date in the public schools is 361, which is 24 more than last year. Mrs. Cappel said. This has caused crowding in the rooms at the Carpenter street school, she added, but this condition will be corrected as soon as the addition to the Willow Crest school is completed. Work on the addition is progressing satisfactorily, Mrs. Cappel said and it should be ready for use by mid-year.

Enrollment at St. Mary's is 252, which is 16 greater than last year. This addition has made it necessary to

utilize a portion of the multi-purpose room that was built for ultimate conversion into class rooms. The fifth and sixth grades meet in the part of the multi-purpose room adapted to class work this year.

Division of the enrollment in both public and parochial systems into grades shows the count to be:

Grades	Pub. S.	St. Mary's
1	49	42
2	45	37
3	47	29
4	34	39
5	49	41
6	44	22
7	48	23
8	44	19

Linda Lee Homering, two months old daughter of Mr. and Mrs. Marvin Homering of Mokena, was baptized at the morning services of St. John's church Sunday, Sept. 6. Rev. Wm. Riemann officiated. The sponsors were Mrs. Harold Homering and Leonard Senglin. Following the ceremony, a dinner was held at the parents' home with 16 guests attending.

Mr. and Mrs. Leo Marcoux and family returned last week from Lake Geneva, Wis. where they spent the month of August, on vacation. This weekend their son John will leave for Cambridge, Mass., where he will enter his second year in Harvard university. Their daughter Genie will also leave at the same time for Bar at college at Lake Forest, as a freshman.

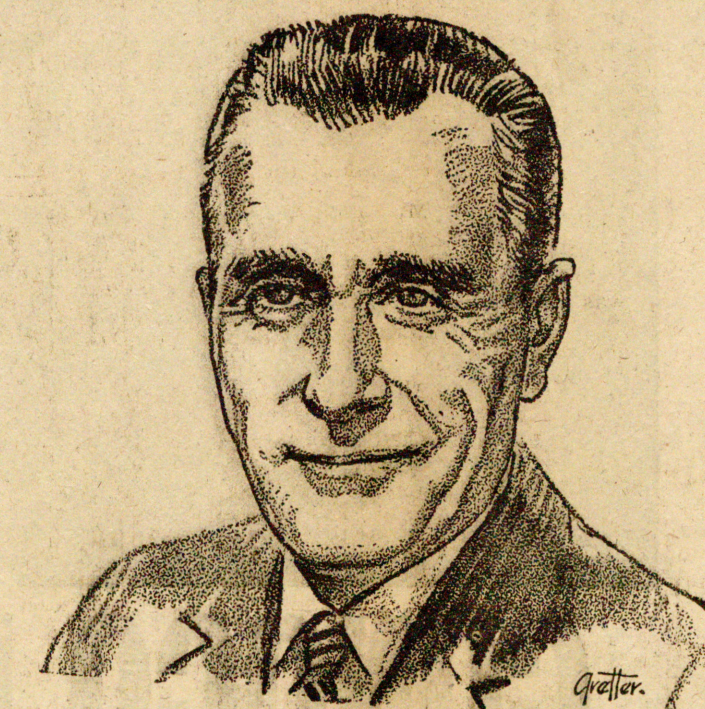

Mr. and Mrs. Donald Derr, former Mokena residents spent the weekend with the Milton Geuthers. Barbara Derr has just returned by plane from Switzerland, where she spent the summer as an exchange student under the American Field service program. Nancy, Susan and Janice Derr accompanied their parents to their home in Cedar Rapids, Iowa. Mr. and Mrs. Clem Geuther, Panhandle, Texas, have been visiting relatives and friends in this area.

Albert Hutchinson, who was a patient in Silver Cross hospital where he was treated

Car Owners Harpooned Again

The American motorist is taking another beating at the hands of Congress.

The man who drives a car now pays so many taxes because of that fact that he has to use both hands to pay out the money.

Now Congress has clipped him again. This time with an additional cent a gallon gasoline tax. Congress voted to hike the gas tax for a year but you know what will happen when the year ends. The tax will be imposed for another year, and another year and so on ad infinitum.

Once a governing body gets a tax working that brings in large returns it is seldom repealed. The federal government is still collecting taxes imposed as war measures 18 years ago and probably will continue to do so.

There was talk about dropping some of these bites but at the last minute Congress failed to act. Some bureau or bureaus feared they would lack sufficient funds to operate. The only thing motorists can do now is hope that the highway builders don't jack

up the price on roads so that Congress will have to increase the gasoline tax still further next year.

There was no need to increase the gasoline tax, according to those who have made a study of the subject.

They point out that if the government used all the taxes collected thru the old gasoline tax for highway building, plus the other taxes imposed directly on motorists, there would be more than enough money to finance the national road system without dipping deeper into the car owners' pockets.

There is one thing the higher tax on gasoline might accomplish. The automobile makers who have announced they plan to put new and smaller cars on the market, cars that will deliver almost twice as many miles to the gallon, may now speed up deliveries.

Automobiles are looked upon as a necessity in this country but if the lawmakers keep piling on taxes on the owners they will be put back in the luxury class again.

On Second Thot

By
Glenn F. Logan

The great state of Illinois has a surprise in store for motorists this year, altho it may be well into 1960 before some of them are actually aware of it.

The state secretary of state, Charles Carpenter, has announced that beginning with 1960 motorists will have to go back to ordinary shaving blades. For the past several years some young men have been using license plates for the purpose.

Plates were turned out by the maker with such sharp edges that they could be used for shaving without honing or stropping.

This column has never seen any statistics bearing on the subject but probably thousands of fingers have been sliced off in the process of affixing new plates to cars.

It was too bad they didn't make them in sections so one could detach a piece in winter to scrape ice from windshields.

According to Carpenter the 1960 plates will have rolled edges, thus making it easier on the hands.

The maker has dies that will do all of the job, roll the edges, print the numerals and make the holes — all in one motion.

The holes referred to those thru which one inserts the bolts that attaches the license plate to the car. Whoever designed the Illinois plate has done an excellent job in making the holes off line so it is difficult, if not impossible to match them with the slots on the license frame.

This does not present too much of a problem, however. One can always make a new hole with a nail, a screwdriver, or a beer can opener. The license plate is so thin that probably one could make holes in it with his thumb nail.

It probably would be more convenient to the car owner if the plates were produced without any holes. One could then make openings where needed.

Carpenter can expect to get some complaints, however, when he comes out with the rolled edge plates. Persons who have been making the straight edge kind of double duty as weed and hedge trimmers will now be put to the expense of buying a couple of tools.

The plumbing and heating interests have come up with figures purporting to show that while food waste disposers are being installed in an increasing number of new homes, only eight percent of homes with electricity have this convenience.

Only eight percent with mechanical food waste disposers? My my. What a field for the people who sell pigs and chickens.

We have a friend who installed a disposal unit some years ago but he was disappointed in its performance. It would chew up bones, knives and forks, spoons, cups, saucers, glassware and even peanut butter but an olive pit would stop it cold and an SOS sent out for the plumber.

The Russian Reds boast of having a combination potato peeler and cocktail mixer. There doesn't seem to be

anything unusual about this we have vines in this country too.

Installers of central air conditioning equipment are looking for business all the time and in this connection send out so-called press releases telling how easy it is to cool a home in one line and in the next make it so difficult.

"One of popular methods of providing cooling," the release states, "is to install the central cooling equipment in a large clothes closet."

Large clothes closets that are really large are a premium in most houses and few housewives would sacrifice them.

It seems to this column that the ideal place would be the space that is blithely referred to as the husband's den. Everything else that is not wanted daily or is no longer used or needed is shucked into the den so why not put the air conditioning unit there too and call the place what it really is — an extra utility room.

Some wives, showing guests thru the home, never let them get near the door to this catch-all. They shunt the visitors in another direction and dismiss the closed room with a murmured explanation — "My husband's study... he's so particular with some of his work that the rest of us never go in."

It is just as well that the guests don't go in either or they might wonder what the husband is studying... the junk business or doing research for a book... "I Was A Pack Rat For the FBI."

DENTAL HEALTH

CAUSES OF IRREGULARLY POSITIONED TEETH

Andy Gump is not alone with his protruding teeth.

Studies show that about one-fifth of the nation's children need major orthodontic care. One study indicated that some malocclusion — improper alignment of teeth — can be found in about 50 per cent

of the population.

Until recently, the situation was not recognized by the general public as of health significance.

Today, dentists know that malocclusion, the scientific term for incorrect tooth alignment, can contribute to decay, toothache and faulty speech, as well as malnutrition.

Teeth in poor alignment also offer an opportunity for retention of food particles and thus make cleaning difficult.

One of the worst results of malocclusion is the psychological stress born by a child who is singled out for ridicule for "buck teeth". This is said by psychiatrists to be a grave barrier to personality adaptation.

The child who looks stupid because of facial deformities may develop traits of indecision and begin to doubt his ability to cope successfully with problems in his environment, psychiatrists say.

What causes teeth to come in irregularly? There is no single cause, dentists agree. Some believe that heredity may play a part, another cause is persistent thumb sucking. Living bone is not the hard, unyielding material many people think it is, dentists point out. The entire structure of the jaw can be molded by gentle pressure on the bone.

Dentists agree, however, that in the case of thumb-sucking, if the habit can be broken before age five, there is a good chance the teeth may return to normal position with no harmful effects.

Another cause of malocclusion is prolonged retention of primary or "baby" teeth. The permanent teeth that follow are then prevented from arranging themselves properly.

When primary teeth are lost too early, on the other hand, the adjoining teeth tend to migrate to the open space and crowd the space intended for the permanent teeth to erupt normally.

(Next week: Treatment of Irregularly Positioned Teeth)

The father of American football and the originator of the "Daily Dozen" physical exercises — was Walter Chauncey Camp. The World

Letters to the Editor

(Editor's Note: All communications addressed to this column must carry the name and address of the writer. If he wishes he may use a nom de plume for a signature but the letter must carry his name and place of residence. Unsigned letters are thrown away. Letters which are considered libelous are not used either.)

Some man who claimed to be a truck driver sent in a letter a couple of weeks ago to take exception to our editorial suggesting that maybe it would be a good idea for trucking companies to build their own roads, like railroads build their own tracks. He referred to us as a dimwit or nitwit, which is alright with us. We have been berated by experts. However, he neglected to sign the communication so it was discarded.)

Yeast Breads of Other Lands Topic of Home Bureau Meeting

By KATHARINE HEISNER
Frankfort 5187

The Busy Home Makers Home Bureau met at the home of Mrs. Art Nieland Wednesday, Sept. 2, with 13 members and one guest attending. Mrs. Kenneth McCarty presided at the business meeting. Reports were read and approved. An election was held and Unit officers elected who are Mrs. Kenneth McCarthy chairman, Mrs. Joseph Scott, vice chairman, Mrs. Thomas Gunhouse, secretary and Mrs. Harry Palmer, treasurer.

The major lesson was "Yeast Breads of Other Lands" given by Mrs. Fred Beckman and Mrs. H. Palmer. Lunch was served by the hostess. The next meeting will be held Oct. 7 at the home of Mrs. Carl Johnson.

Rally and promotion day will be held at the Methodist church Sunday, Sept. 27, at 10:30 am.

A bridal shower was given for Miss Janet Heath, daughter of Mr. and Mrs. Lester Heath of O'Dell, who will become the bride of Wayne Kopman, son of Mr. and Mrs. Walter Kopman, Saturday afternoon at the Methodist church in Kankakee. The shower was held at the Green Garden Town hall last Sunday and the hostesses were Mrs. Ralph Albers, Mrs. Melvin Heisner, Mrs. Alice Bettenhausen and Miss Barbara Kopman. Upon her arrival the bride elect was presented with a novelty corsage.

The hall was decorated in her chosen colors of blue and white. Various games were played with prizes and duplicate prizes awarded. A buffet luncheon was served.

Among those from here who attended the silver wedding anniversary of Mr. and Mrs. Willard Seltzer of Manhattan Sunday afternoon, were Mr. and Mrs. Ralph Albers and son Keith.

Mr. and Mrs. David Dralle entertained at a dinner last Wednesday evening in honor of her sister and family, Mr. and Mrs. Allen Carstens and sons, who had been visiting here for a month, and have returned to Tucson, Ariz. There were 27 at the family gathering.

Next Sunday will be vacation Sunday at St. John's Church of North Peotone, with no Sunday school or church services. Sept. 27 will be Rally Day and promotion at 9:30 am.

The Senior Youth Fellowship will meet at St. John's church Friday, Sept. 25 at 8 p. m. Slides will be shown of Palestine by Jacob Krapf of Manhattan. Hostesses will be Mr. and Mrs. Norbert Behrens and the Rev. and Mrs. Ernest Gander.

Mr. and Mrs. William C. Bettenhausen and family and Mr. and Mrs. Walter Deuchler of Aurora attended the show at the Civic Opera House, Chicago, Sunday afternoon, featuring the Takarazuka Japanese dancers. On Friday, Mrs. Mac Kurima and daughter attended the show.

Mr. and Mrs. Lloyd Bettenhausen and son David of Peotone, were dinner guests of her mother, Mrs. William H. Bettenhausen Sunday.

College students and the schools they are attending are as follows: Beverly Torok, University of Illinois; Bonnie Torok, Roosevelt university; Barbara Scheer, Elmhurst college and Ellen Krumwiede, Normal.

Patricia Torok graduated Monday from Roosevelt university with a bachelor of art degree and is a teacher at Peotone High school. Attending the exercises were her parents, Mr. and Mrs. Frank Torok, and daughters Beverly, Bonnie and Carol.

And without faith it is impossible to please Him. For whoever would draw near to God must believe that He exists, and that He rewards those who seek him.—(Hebrews 11:6.)

Even those of us who begin with but little faith are sometimes rewarded by a sudden demonstration of God's love and of His existence. It is an unforgettable experience, which fills us completely with such wonderful warmth and light as can only come from the Holy Spirit.

New Lenox

Band Boosters Meet at Haven School Sept. 22

By DELORES ANDERSON
New Lenox 3651

The New Lenox grade school Band Boosters held an executive meeting Monday night, Sept. 14 in the Haven school. New officers for the year are president, Louis Balbinot; vice president, Mrs. John Olson; treasurer, Cecil Baldwin; and secretary, Mrs. John Peceniak; auditor, Charles Fleischmann; and historian, Mrs. Edward Venckus.

Committee chairmen are: Hospitality, Mrs. Claire Christian; publicity, Mrs. William Knowles; and calling, Mrs. Roy Fitzer.

The first meeting of the Band Boosters will be Tuesday Sept. 22, at 8 p. m. in Haven school gym. The beginning band will supply the entertainment for the group.

Milton Mojzis, band director, has listed the members of the beginning band as follows: Gregory Anderson, Charles Avon, June Balbinot, Billy Batson, Bruce Brown, Colleen Campbell, Billy Clark, David Eden, Walter Gougar, Mike Hackley, Marcia Hammond, Ronnie Harrison, Mary Howard, Robert Hoyt, Jimmy Kennedy, Pamela Kruck, Ruth Maurer, Patty Mooney, Peter Passas, Dennis Peceniak, Sharvyn Purler, Rodney Runestad, Laurene Smithson, Arthur Snider, David Stellwagen, Garryle Stone, Gregory Urban, Laurence Talmadge and Warren Webb.

Refreshments will be served after the meeting.

Members of the New Lenox 4-H clubs held a bakery and doughnut sale recently at which they cleared \$318. The funds from the sale will go toward the building of a stone fireplace on the 4-H grounds, as a memorial to the late Cecil Baur Ruthenbeck, who was very active in 4-H work. The 4-H'ers appreciate all who made this sale a success.

Members of the Woman's Society of Christian Service met yesterday afternoon in Fellowship hall at the Methodist church for their first fall meeting.

Mrs. Lucille Drake of Lockport had charge of the pro-

gram at the Woman's club Tuesday.

Word has been received of the birth of a baby girl to Mr. and Mrs. Thomas Phifer at Albuquerque, N. M. Mrs. Phifer will be remembered as the former Kay Miller, daughter of the Rev. and Mrs. Ralph Miller of Rockford and formerly of New Lenox. The baby, named Wendy Elizabeth, weighed 9 lb. 5 1/2 ounces and was born Aug. 20 in the hospital there.

Mr. and Mrs. LaVern Braun entertained at a party Sept. 4 honoring their daughter Sue Ann who was celebrating her 10th birthday. The guests were taken to North Van Horn woods for a picnic supper, followed by games, and afterward were brought back to the house where ice cream and cake were served. Sue Ann received many nice gifts from her guests, who were Rosemary Brown, Sharnan Schroeder, Bonnie Denis, Pamela Kruck, Patty Jones, Lois Ruhle, Patricia Dolan, Pamela Hartung, Nancy Braun, and Dale and David Braun.

The Woman's Guild of the Grace Episcopal church will sponsor a fish fry in the church basement on Friday, Sept. 18 from 5 to 8 p. m. There will be carry-out orders for those who wish them. The menu will consist of haddock, french fries, cole slaw, bread, coffee or tea, and lemonade for the children.

Mrs. Mildred Minuth attended a meeting of the Ballet Guild of Chicago last Wednesday in the Council for Foreign Relations where she personally met the Taka Razuka dancers who are a group of young Japanese girls. She was instructed in the use of chop sticks. A program was presented by very young Japanese children.

The Buttons and Beaux Square Dance group will hold their first dance of the fall season, Saturday, Sept. 19 at the Haven school gym. Instructions will be given from 7:30 to 8:30 p. m. and regular dancing from 8:30 to 12 o'clock. Coffee and pop will be available, but those attending are asked to bring their own sandwiches. Fred Fell will be the caller. Tickets purchased prior to the dance from either Mrs. Minuth or Fred Fell will be less expensive than if purchased at the door.

The Minuth Studio of Dance, in conjunction with the Lions club will sponsor a benefit dance for Trinity School for Retarded Children, Saturday, Oct. 24 at the Haven school gym. The dance will be called "Parisian Prance." There will be both ballroom and square dancing and intermittent entertainment by the Minuth dancers.

Mike Barnett, who was injured Aug. 4 in a ditch cave-in, is now working in Joliet with a construction company, but last Friday for bone-grafting his left arm (and he is in a cast for five weeks, but was not mending as it should. A bone specialist will start the work on Thursday.

The Confraternity of Christian Doctrine classes in religion will be held at St. Jude's school beginning on Saturday, Sept. 19. From 9:30 to 10:30 a. m., high school freshmen and sophomores will have classes, conducted by one of the parish priests. At the same time the Sisters and lay teachers will conduct classes for the grade school children. Juniors and seniors will meet Wednesday evenings at 8 p. m. starting Sept. 23.

A class in instructions for adults interested in studying the Faith systematically, will begin Monday, Sept. 28 at 8 p. m. in the school hall. The public is welcome to these classes.

The Hi-Teens of St. Jude's church are busy with final preparations for their Sock Hop to be held at the school hall Sept. 19 from 8 to 12. A prize will be given for the best sock decoration. Chairman of the event is Mary Cummings, assisted by Karen Harder, Stella Daugherty and Joan Zusag. All teenagers are invited.

Three of St. Jude's parishioners left this past week for preparation for the religious

Brownie Troop Has Room for New Members

By DELORES ANDERSON
New Lenox 3651

Schmuhl school Brownie troop 307 met Monday at 3:30 p. m. for their first meeting of the new term. Mrs. Ruth Heitman is the leader. Any new children of second grade age are welcome to join this Brownie troop.

Mr. and Mrs. Herman Beck and children Cheryl Ann, and Herman, Jr. have moved from New Lenox, into their new home on Pottawattomie lane. Mr. and Mrs. C. Ernest Krug, Pottawattomie lane have returned from a ten day va-

lance. Judy Carnahan, daughter of Mr. and Mrs. Charles Carnahan, has entered the St. Francis convent, Joliet, as a postulant to prepare for the Sisterhood in the order of St. Francis.

Michael Warren, son of Mr. and Mrs. John Warren, entered St. Jude's seminary, at Monmouth, as a high school freshman in preparation for the priesthood in the Order of Claretian Fathers. James Redelin, son of Mr. and Mrs. James Redelin Sr. also will be a high school freshman in the Order of Claretian Brothers at Peru.

cation spent with relatives in Michigan.

Mr. and Mrs. James Elmore have moved to Joliet, and the Klotz family have moved into the Elmore home.

Mrs. Ruth Annen has as her guests over the weekend, her sister, Mrs. Mary Walsh, Chicago, and her nephew, Don Caulfield of Whittier, Calif.

Village Issues 18 Building Permits During August

The Village of Tinley Park issued a total of 18 building permits in the month of August as follows:

Two for new residences, valuation \$26,600; nine for residential garages, valuation \$12,741; four for additions and repairs to homes, valuation \$6,552; one for a sign at Service Cleaners, valuation \$800; one for addition to Try's Chicken Farm, valuation \$7,020; and one for a storage building, valuation \$500.

The combined valuation of their permits amounted to \$54,213. The village collected \$149 in permit fees; the building inspector received \$52.

Winds in a hurricane seldom go over 150 mph, according to data compiled by the Navy's Hurricane Hunters. Average hurricane winds are 120 mph in the inner areas, tapering off to 40 mph on the outer edge of the storm.

PRESENTING

The Princess phone

IT'S LITTLE, IT'S LOVELY, IT LIGHTS!

Here's a new extension phone that's dramatically different in size and styling from any you've ever seen before.

It's small—to take up less room on table or desk—lets you have an extension where space is limited.

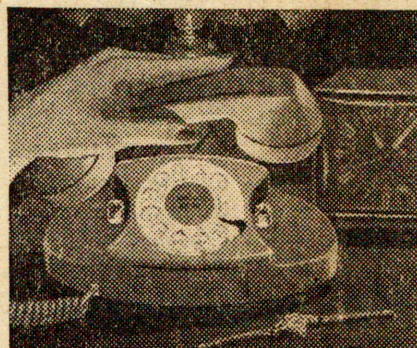

It's modern—for the modern taste that asks for beauty with simplicity. Its low, lovely lines will grace any setting in your home.

The dial lights up. It glows in the dark so you can find it quickly and, when you lift the receiver, lights up brightly to make dialing easy.

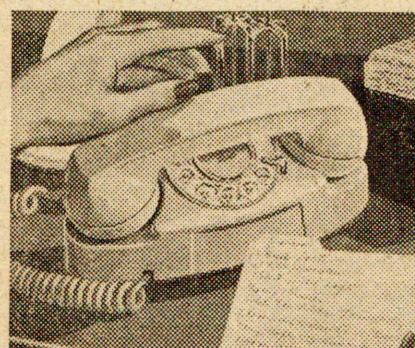

You can choose from five popular colors—white, beige, pink, blue and turquoise. To enjoy the modern convenience of the Princess phone, just call your local telephone business office. Or ask a telephone installer.

ILLINOIS BELL TELEPHONE

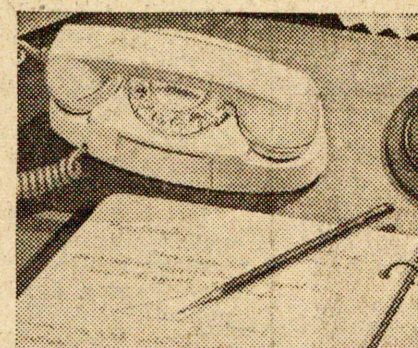

The Princess phone goes beautifully as an extension...

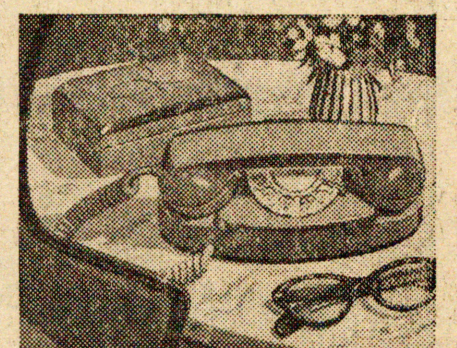

...in the bedroom where the light-up dial is handy...

...in your kitchen to help you run your home...

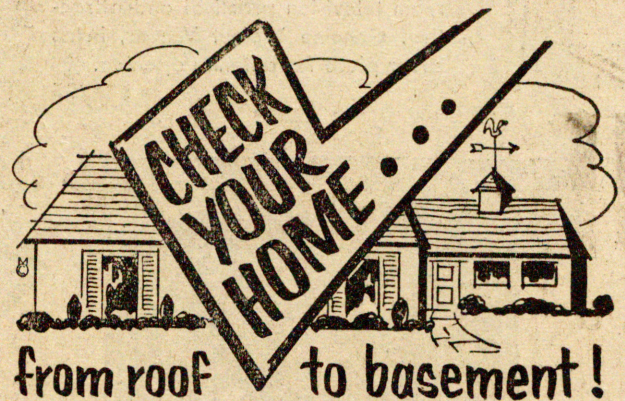

...in a teen-ager's room to give privacy...

...in the living room by your favorite chair

241 Students are Enrolled in Frankfort Public Grade School

By KATHARINE HEISNER
Frankfort 5187

Miss Viola Lankau, principal, announces that enrollment at the public grade school is 241 students, as follows: 1st grade, 33; 2nd, 25; 3rd, 34; 4th, 31; 5th, 24; 6th, 29; 7th, 34 and 8th, 31.

The faculty is the same as last year, as follows:

Leroy Olson, 8th grade; Russell Davenport, 7th; Mrs. Irene Van Rheeden, 6th; Mrs. Margaret Robertson, 5th; Mrs. Charlotte Love, 4th; Mrs. Virginia Osmus, 3rd; Mrs. Dorothy Woodman, 2nd; Miss Isabelle Harmening, 1st and Perry Friedman, Band leader.

Mr. and Mrs. Lee Robinson and family spent the holiday weekend with the children's great grandmother, Mrs. Brokos Saunders Robinson at Cape Girardeau, Mo.

On Thursday, Mrs. Robinson with her two sons, David and Richard, and Ralph Bueschel of Mokena, spent the day at Bass Lake, Ind. swimming and boating.

Ian Grove, employed in Borneo, has been visiting with his sister and family. Mr. and Mrs. Leonard Patterson this past week. He is on leave until

December and is on his way to England to visit his parents, Mr. and Mrs. Frederick W. Grove who visited in the Patterson home during August.

They had hoped to go home together but Ian was delayed in Hong Kong. On his way here he came via Hong Kong, Japan, Alaska, Vancouver B. C. across Canada to Winnipeg then to Chicago.

Leaving here he will fly from Montreal to London. This is his third visit in Frankfort being here in 1950 and 1953, while on his way home from Ecuador and Trinidad. Mr. Grove, a bachelor, is an oil driller for the Shell Oil Co. in Borneo.

The WSCS of the Methodist Church will have a hat sale with the latest in new fall and winter hats, Wednesday afternoon and evening, Sept. 23, in the church parlors. Dessert coffee will be served by the ladies. The public is invited to attend.

The Youth Fellowship of St. Peter's church will meet Sunday evening at 7:30 p.m. at the church from 7 to 9 p.m. Mrs. Peter Kalk and Mrs. George Baughman of New Lenox are in charge.

There will be confirmation instruction next Saturday morning from 9 to 11 a.m. at St. Peter's church, with the Rev. Erich Bizer in charge. There are 41 children thus far enrolled. At 11:00 a.m. the Junior choir will practice.

Rally Day and Promotion Day is Sunday, Sept. 27 at the morning service at St. Peter's.

Mr. and Mrs. Erwin Schellhase entertained their card club at their home Saturday evening. For the first time meeting they dined at Arch Inn, then returned to the Schellhase home. Prizes were won by Willbert Klier, Mrs. Erwin Schellhase and Milton Subbert.

A group of 14, which included the Sunday school teacher and his wife, Mr. and Mrs. Lucation Bell, all of the Franklin Grove Methodist church, were entertained by the Senior MYF of the Methodist church Sunday at a lawn party and dinner in the home of Mr. and Mrs. Lester Heisner. Other guests were the Rev. and Mrs. James Parker and daughter and the Rev. Robert King of Mokena Methodist church.

Mr. and Mrs. Leslie Koenig and children accompanied by their parents, Mr. and Mrs. Fred Mager of Mokena saw the Cubs and the Cardinals ball game at Wrigley Field Sunday afternoon.

Rally Day and Promotion Day will be observed at the Methodist church Sunday, Sept. 27. The Sunday school classes will be held as usual, with the Rally Day service during the worship hour at 10:30 a.m. A dedication service of the teachers will take place during the service with the Rev. James Parker in charge.

Open House will be held at the home of Mr. and Mrs. Harold Heisner Sr. at 324 Oregon st. next Sunday, Sept. 20 from 2 to 5 p.m. with all relatives, friends and neighbors invited to attend. Hostesses will be their son and wife, Mr. and Mrs. Harold Heisner.

Rev. and Mrs. James Parker and daughter attended the Sub District Ministerial meeting and dinner held at the New Lenox Methodist church Monday.

A meeting of the captains of the Visitation and Commission on Evangelism of the Methodist church will be held in the Pastor's study next Monday evening at 8 p.m.

Guests last Thursday of Mr. and Mrs. Christ Fink were Mr. and Mrs. Steve Bork of Jacksonville, Fla. and Mr. and Mrs. Arthur Highland and Mr. and Mrs. Henry Heiland, both of Joliet.

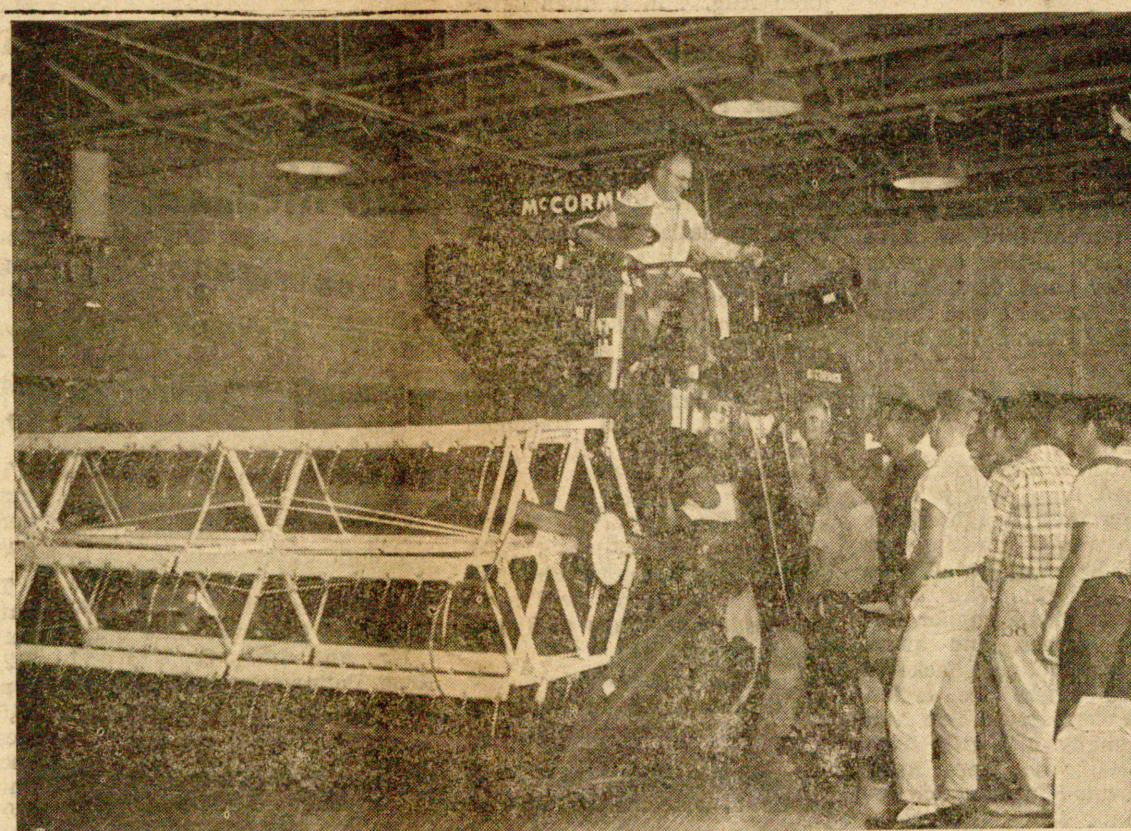

The Womens club with Mrs. Ray Putnam as president will meet at the village hall Thursday evening, at 8 p.m.

Mrs. Ludwig Thiel of Mokena will give a demonstration on Fall Table and Home Decorations. Hostesses are Mrs. Ralph Dralle, chairman, Mrs. Gordon Holloman, Mrs. Merle Otto, Mrs. Herbert Folkers, Mrs. Lewis Ebert and Mrs. Bertha Nieland.

Mr. and Mrs. Ralph Dralle and family spent Sunday afternoon visiting with Mr. and Mrs. Harvey Lewis at Channahon.

Mrs. Herbert Folkers attended the Girl Scout meeting held at Wilmington Wednesday evening.

Mr. and Mrs. Walter Pfaff and Mr. and Mrs. Edward Walsh of New Lenox returned home Saturday evening after a week's vacation spent fishing at Minong, Wis.

HIGH AND WIDE are an ideal combination for doors that will permit passage of a combine in and out of a building where what makes it tick can be studied close at hand. When the vocational agriculture shop was being built Supt. A. Hunter Chapman looked at the doorways and said, "Well that is big

enough for a combine," a statement that gives considerable status to the school head as a prophet. The doors are big enough and sure enough a combine is now on hand for study by Voc. Ag classes. Robert Van Rheeden, head of the department, is up there in the saddle. (Marvin Smith photo)

PTA News

TINLEY PARK UNIT

Playing to a receptive audience of approximately 200 people attending the first Tinley Park Parent Teachers Association meeting of the 1959-60 school year last Friday evening at the Central School, the all adult cast of "What's the Matter With Janie?" gave an entertaining performance. The one act, family situation comedy, written by Kay Hawley concerns the problems faced by the parents of a vicious 11 year old son and a suddenly retiring young teen age daughter. In places, the brisk dialogue was delightfully familiar to most of the parents of young adolescents.

Under the direction of Mrs. Alberta Davis, in cooperation with Mrs. Harold A. Peterson, the members of the cast were as follows: Edward, Mrs. Melvin G. Edman, Mrs. Kenneth Cranford, Garland, Dolores, Mrs. Norman R. Wolfe, Mrs. Marie Biggs and Mrs. Harry Schmidt. A prologue to the play was delivered in verse by Candy Wolfe, Ann Rayson, and Bonnie Richardson.

Parents were invited to attend the child study discussions to be held tonight at 8:30 p.m. in room 105 of the Central school. It will be a follow up to the play and will

center on Teenagers.

The program Friday also included the introduction of faculty members by Supt. Walter F. Fierke. Mr. Fierke described the present staff of 40 teachers as being dedicated to helping young people develop in their growth patterns. He emphasized the importance of conferences between the teacher and parent to promote a better mutual understanding of the child. He further stated that, altho the present enrollment of 1,003 youngsters represents an increase of 6.6% over that of last year, there are adequate facilities to accommodate all pupils for full day sessions. In closing, he urged parents to take an interest in the school and PTA activities.

Among the faculty members introduced, was Stanley Singer, director of the cooperative association for special education in the South Cook County area. District 146 has been named the administrative district for this newly established program which now operates two classes, one in Melothian and one in Worth.

Mr. Singer will speak on "What's Special About Special Education" on Sept. 22 at the Southwestern Area PTA council meeting to be held in the Central school.

Mr. Singer also urges PTA members to attend a meeting at Reavis High school, Oak

Lawn on Wednesday, Sept. 30 at 8:30 p.m. to consider the possibilities of establishing a junior college in the South Cook county area.

John R. Henneberry, principal of Central school, was recruited to operate a mutinous projector loaded with a film strip entitled "So This is PTA?", featuring the "Bannister Babies."

Mrs. Kenneth Schumde,

PTA president, introduced the Board members for the 1959-60 term as follows: Mrs. John T. Naughton, vice president; Mrs. Newton E. Brightwell, secretary; Mrs. Robert C. Lillie, treasurer; Mrs. Allan Howie, membership; Mrs. Charles E. Moore Jr., ways and means.

Mrs. Gervis Klepper, publications; Mrs. Edwin W. Magee, publicity; Mrs. Henry Schay, hospitality; Mrs. Harold A. Peterson, parent education; Mrs. William M. Lake, room mothers; Mrs. Irwin B. Johnson, student aid and scholarship; Mrs. Kenneth Crandall, historian; Mrs. Edward G. Balk, health; Mrs. Nicholas Schullen, infant welfare; Mrs. Walter H. Barton, safety; Walter Fierke, legislation; Mrs. Harry C. Schmidt, librarian; Mrs. Clyde Roberts, Summer Round up and custodian.

The business meeting was opened with Mrs. Kenneth Schumde leading the pledge of allegiance to the flag, followed by an invocation offered by the Rev. Richard Kirkland, pastor of the Tinley Park Church of Christ.

Mokena Unit

The Mokena Parent-Teacher association will hold its first meeting of the school year at 8 p.m. Tuesday, Sept. 22.

An interesting and informative program has been planned. Dr. Andrew A. Hruby, O.D., eye specialist from Chicago will be the speaker. His 45 minute talk will be accompanied by slides on eye. A question and answer period will follow.

Refreshments will be furnished by the 8th grade mothers.

The U. S. Navy's new air-sea base at Rota, Spain, is only 40 miles from the tiny port of Palos from which Columbus sailed to discover the new world.

CALLAN NOT SO SURE OF A TITLE

Coach Believes SWS is Tougher; Bremen Faces Rebuilding Job

By DEAN DALLAS, Semmler Press Sports Editor

Larry Callan, Bremen football coach, is not so sure that his young warriors can wrestle the SWS wreath from the smooth Rich Rocket in this football campaign. Callan had not been impressed upon by early publicity that the Braves were very strong.

He emphasized that "The SWS is much stronger this year than it was last. Teams like Reavis and Carl Sandburg will be extremely rugged. Reavis got the needed help from the freshman squad. Sandburg is getting plenty of help from its youngsters for this season."

Callan, the Bremen coach, and you will see, I'm sure, that this league is going to be tougher than in the past."

How about your Braves? he was asked. With his cautious smile, he continued, "We are young, in much the same position as Carl Sandburg and Joe Devine. My boys will get better with each game, but we are not sure at the present time how many games it will take us to hit our stride."

Callan has had a highly regarded winning record in the SWS in his six years at Bremen high school. His team won the championship in '55. The Braves coach finished, "This team reminds me of our 1954 squad." That means that he might be expecting to take the championship next year. Expecting this to be the building year.

However, some have climbed the band wagon and are calling this team to be Callan's greatest.

Bremen will have three regulars back for the squad. Just six lettermen will don togs for the season's opener tomorrow at 3:30 over in Midlothian.

Two returning lettermen that

Callan expects plenty from are Rich Snyder, 200 lb. tackle, and Rich Paulk, a guard.

Five other players, four of them lettermen were on the list of Callan's list. Jack Bauer, 160 lb. fullback. Probably, no replacement for Dennis Titum. Pete Liverich, a big strong end. John Mannaioni, who finished last season as a quarterback for Callan, Mike McGarrery, a strong facts guard.

Callan finds himself with more than one man for each position.

This first group that Callan mentioned seemed to be assured of at least a starting berth at the beginning of the season. But youngsters with size and spirit are promised a spot by the cagy Callan.

Center rich is a position that makes Braves teepee gay. Dan Kettelboeter, Mark Hoyer and Ansel Corder figure most prominently in the feeling of "center rich" at Bremen. All three of these fellows is considered a fine prospect and will see some duty this season.

Of course, Rich Snyder, and then Dick Klepper are the opening day picks by Callan for the tackle slots.

Paulk and McGarrery, both mentioned, should team up to be a strong flank for the Bremen center.

Loverich is one end and Robert Dobkowski is the other for the Thornton Fractional game -- that is, at the moment; Callan could have another find by Friday.

There are plenty of backs on this season. Bauer will have plenty of battle from a younger brava by the un-Indian name of Brian Hillenbrand.

Halfbacks are all thru the Bremen locker rooms. Ken Asbridge, Phil Tunstall, Rich Norbut, James Casey, to mention four. Norbut had some varsity experience last year, and impressed. He has been having trouble with a shoulder, but will probably play against Thornton. Tunstall is considered a rugged competitor.

Vern Sloan is not a bad quarterback, according to Callan. He will probably spell Mannaioni thruout the season.

With a young team, one cannot tell who will move up to the varsity next week and in the starting position.

Much is in turmoil. Who will play consistently and where will Bremen finish?

"We are counting on a rough test in the conference season opener with Lincoln-Way high school," confided the Brave leader. "They have given us trouble every since they came into the SWS. So we expect to be pushed to the limit and hope to take them."

FOOTBALL FUNDAMENTALS -- Joe Devine addresses his young squad at Sandburg, stressing fundamentals of the game to the squad, many of whom are out for their first crack at football. (Marvin Smith photo)

Browsing Through The Cold Stove League

BY DEAN DALLAS, Sports Editor

All is not as cozy as ever in the Southwest Suburban league at the beginning of this, another football season and a kick-off for the high school athletics activities.

In fact, there is a little trouble in the suburbia camp. Possibly more than a "tempest in a teapot."

A recent rule was passed to change the beginning of practice for most of the sports activities. Basketball practice will not start on Oct. 1, according to state sanctioned rules. But it will begin at the conclusion of the football season. Wrestling will do the same.

Track practice must now begin after the completion of the regional contests in basketball. This is a somewhat later date than usual. However, indoor teams may practice through the winter. The only member of the SW Suburban who tries to work on indoor track in Rich and they use the Bloom gym.

The new rules were brought into effect by a recent, 6-1 vote of the SWS superintendents. This was then agreed upon by the athletic directors. They will actually execute the rule.

One member feels that the league is taking unfair advantage of a smaller league member who is presently down.

Joe Kruzich from Lincoln-Way felt this way about it. "It prevents a team that is down from getting up. A school with many students and plenty of coming personnel can afford to spend more time with the "green" members of the squad."

"The team that is down right now, which is us, will stay down and be a Patsy for the rest of the league. I wonder if that is what they want of us?"

"We cannot afford five and ten man staffs for our athletic activities either. We must settle for far less manpower, less coaches, and now even less time than is given other teams in the state is allotted in our group."

Other Lincoln-Way coaches were in accord with Kruzich. Irritated.

Forgetting this particular problem, look at the SWS. The SW athletes have not been able to hold their own in even regional competition in most of the team sports.

SWS is not highly regarded as a football area. As good as Dennis Tatum was, he eked out a small bit of recognition by one of the state committees.

In basketball, it is a rarity when a team ever comes out of the regional contest--better still; emerges from the first or second round. Yes, Rich

Chicago Speed Ace Is Seeking Triple Victory

Danny Kladis, Chicago speed ace, will be out to exceed the victory record of Streator's Bob Tattersall in the season's final midget auto racing program Saturday night at Joliet Memorial stadium.

At the same time, Kladis will be gunning for this year's first "triple" victory -- triumphs in his heat race, the handicap and the main event. He came close last weekend in winning his sixth feature race, tying Tattersall, and picking up a victory in his heat race. But he missed out in the handicap event.

The closest any driver has come to a triple this season was July 11, when Lemont's Byron Fisher won the two most difficult -- the feature and the handicap -- but placed second in his heat race.

Altho Kladis and Tattersall are tied in number of features won, Tattersall leads in the track point standings on the basis of four victories in 50 lap events. Kladis has won one at that distance.

Among the other drivers expected in the 45 car field will be Willie Wildhaber, Dwight, Tony Lenti of Chicago, Bill Knight of Kokomo, Ind., Jerry Matter of Naperville, Billy Woods of Kenosha, Wis., and Jolietans Bernie Wilhelm, Bob Hauck and Dick Atkins.

There will be a 25 lap feature, preceded by four heat races, a handicap and 15 lap semi-feature. Time trials start at 7:30 p.m. and the first race at 8:30 p.m.

Plan to Confer With Builder on Possibility of Community Center

By EVELYN VAN HORN
Sycamore 8-0921

The regular meeting of the Homeowners Association was held Tuesday, Sept. 8, at the Thomas Lane school. A Katz was unanimously elected treasurer to replace Cecil Crawford who resigned because of business pressures. The matter of a community center was brought to the floor and after lengthy discussion was referred to the executive committee to work on and to contact the J. E. Merriam Co.

The Homeowners Association embarked on a new program last April when new officers were elected and have been working hard at construction approval and enforcing the covenants.

Block representation at elections for delegates to the Association has been poor. At several such elections there was no one from the block present as a result one block has only one delegate, and another block has none. All residents of the community should be vitally interested in the Association as homeowners and because they have invested money in this organization.

Swimming Pool Hearing

A hearing on the city versus Mr. and Mrs. Leo Luebke for violation of the ordinance pertaining to fencing around a recessed pool, was held on Friday, Sept. 11 at City Hall. Judge Louis Duerfink presided at the hearing. After a preliminary discussion of the case by Leland Rayson, city attorney and Samuel Nienberg, attorney for the Luebkes. The latter asked for a continuance based on the plea that he was not prepared due to lack of knowledge on the status of the authority of the zoning board of appeals to act on the petition filed by the Luebkes for a variance in the matter of the fence to be constructed around the pool. The continuance was granted and the case will be heard Friday, Sept. 23 at 3 p.m.

Senior Teen Club

Forty teen agers spent the evening of Sept. 12 on a hay ride. Chaperones for the evening were Mr. and Mrs. Dan Berdan. The ride ended at Jerry Wroblewski's home where a Weiner roast was held. The next business meeting will be Sept. 19, at the Shaffner home 4651 185 st.

Junior Teen Club

The Junior Teen club for 6th, 7th and 8th graders will meet Friday, September 18 at the Shaffner home, 4651 185 st.

Women's Club

Members of the Woman's club will embark on a door to door welcome tour of Country Club Hills during the month of September. The purpose of the tour is to explain the purpose of the club and invite women residents to attend.

The boot exchange will be held at the October meeting and all women are invited to dig out the boots their children have outgrown and exchange them that evening for some that will fit.

The City Council is urging all residents for their own protection, to demand to see the license or permit of any peddler or solicitor who comes to the door. An ordinance has been passed requiring all such persons to obtain a permit from the city clerk Mrs. Virginia Bannison, 4730 W. 181st st., before conducting any business in the city.

The Council recently mailed letters to residents reminding them that now is the time to check tax assessments if last year's seemed out of reason.

In regard to the City's portion of the tax bill, if incorporation had been defeated, individual bills would have been reduced by \$322 per \$100 of assessed valuation which would have been approximately \$20 per home. For this \$20 since Aug. 1, the city has received the following revenue exclusive of the amount

each family pays in real estate tax:

State motor fuel tax credits \$3,756.23; building permit fees \$21,736.53; Miscellaneous \$511.03. Total revenue from outside the city \$31,053.92.

This would have gone to the County had the City not incorporated with the netting of roads periodically the only benefit to the City.

The city council has used the funds to complete the resurfacing of streets in Units 1, and 2 for the setting up of a police department which is in the final stages of completion, a building for use as a city hall has been leased and equipped from which to operate city business, a building department has been set up to ensure proper inspections of construction, proper legal counsel has been retained and a department of purchaser, under the guidance of an experienced buyer, has been established. The motor fuel tax revenues received from the State are based upon population. Since the last census was taken in September 1958, another census will be taken late this fall which will increase the City's share of the tax by approximately 50%.

Fire Department

Chief Frank Daniels has announced the promotion of engineer Robert Fitzpatrick to the rank of lieutenant. The vacated engineer rank has not as yet been filled, pending the outcome of recent tests given the members of the department.

Chief Daniels wishes to remind everyone that most of the homes are going into their second or third year of winter heating and that this is a good time to thoroughly go over their heating plant, clean and check it.

The Fire District wishes to remind the men of the community, both old and new residents, that the Department is always open to application for membership. Previous experience is not required and this is a fine way to better serve friends and neighbors. The city is growing and service must grow with it. Any man interested can call Chief Daniels at his home, SY 8-5607 or contact any member of the department.

Proof of the city's growth is the official opening of the new models this last weekend in the Nob Hill addition located at 167 and Crawford. This addition will be smaller lots than in the south side of the city with asphalt streets, curbs, sidewalks and storm sewers.

The first families are expected to move in before Thanksgiving and one house a day completed. A total of 342 brick cape cod expandables and split level homes will be built in this addition.

Park Site

Mayor James Nally announced that negotiations with the J. E. Merriam Co. for the purchase of a 10 acre park site located opposite the proposed new school site, bounded by John on the west, 187th st. on the south, and Baker on the east, have been completed. The purchase price to the City was \$1.00 (One Dollar). The Mayor also stated that the city will be calling on the service organizations to convert this into a suitable park.

United Christian Church
A pancake breakfast is planned for Sunday, Sept. 20, 7:30 a.m. to 10:30 a.m. at the Shaffner home, 4651 W. 185 st. This is for all residents of the community. The fee will be 75c for adults and 25c for children. The proceeds from this breakfast will be used to help pay the rent in the new school as well as present bill with the School Board.

The District Convention of the Chicago Disciples Union for Christian Churches in Chicago area will be held Sunday in the Northside Christian

INSTRUCTS ON T.B.—Don C. Davis, standing, program consultant of the Will County Tuberculosis association, has been conducting classes at Lincoln-Way high school to bring about a better understanding of tuberculosis and the methods for combating it. Lincoln-Way was the first school in Will county to participate in this program. Jonas Lashmet, boys' physical education instructor, was pleased with the program.

Church at 3 p.m. Among the speakers will be Miss Ethel Shreve, missionary to India, Basil Holt, minister in the Union of South Africa, and Dr. Barnett Blakemore, dean of the Divinity School at the University of Chicago. Mr. Pew will have part in the program also. Sandra Raddatz will be attending the State Youth Convention of the Christian Youth Fellowship in the 4H building on Springfield on Friday and Saturday. Miss Raddatz will be a delegate from the United Church Youth Fellowship.

The Womens Christian Fellowship will hold its first general meeting of the season Wednesday, Sept. 23 at 17940 Thomas Lane at 8:30 p.m.

The congregation of the United Christian Church met Sunday evening to take action on the constitution and by laws which will govern its action in the future. Besides action on this new document, the first nominating committee was elected constituting: Robert Landeen, chairman, Hazel Marquardsen elected from the Executive Committee and Donald Segin, Mrs. Barbara Bagwell, and Mr. Edwin Raddatz elected by the congregation.

PTA

The first PTA meeting of the season will be held Tuesday evening, Sept. 29 at the Willowview school. The meetings are regularly scheduled for the 3rd Thursday of each month and will be after this meeting.

The Willowview school will not be dedicated until Sept. 26 resulting in the change of date for the PTA meeting.

The guest speaker for the evening is Superintendent Zelon Sykuta who will speak on the subject, "School District 160, Its Past, Present and Future". At this first meeting the newly elected officers and PTA Executive Board members will be introduced and also members of District 160 School Board will speak briefly.

During the coming year Girl Scouts and Boy Scouts from the area will alternate serving as color guards for the monthly PTA meeting. Room mothers for the year have been selected. Mrs. Thomas Deem is chairman, Mrs. Paul Behringer and Mrs. Joseph Green for morning kindergarten.

at South school. Mrs. Morrow and Mrs. Coursey kindergarten afternoon at South school. Mrs. Ray Hoewing, and Mrs. Joe Shank for morning kindergarten at Thomas Lane, Mrs. Ray Jones and Mrs. Glenn McKenzie for afternoon kindergarten at Thomas Lane, Mrs. Ronald Bergquist, Mrs. R. Roberts and Mrs. John Lind for 1st grade, Mrs. William Etheridge for 2nd grade at Baker, Mrs. Louis Manyenny for 2nd grade at Thomas Lane, Mrs. NewCum for 3rd at Baker, Mrs. Emil VanTichelt for 3rd at Thomas; Mrs. Andrew Panneck for 4th at Baker, Mrs. Harold Blackwell for 4th Thomas, Mrs. Younker and Mrs. Al Weiner for 5th, Mrs. James Smith and Mrs. Charles Van Horn for 6th, Mrs. Ryman and Mrs. Hooper for 7th, Mrs. Robert Hollenbaugh and Mrs. John Langmeyer for 8th grade.

Personals

Mr. and Mrs. Bert Peterson and three children, Sandra, Bobbie and Billy have moved into the community. Their address is 18000 Thomas Lane.

Eight women from Country Club Hills became members of the Homewood Junior Womens club at the Newcomers Tea held Sunday. The women who joined the club were Mrs. William Cannon, Mrs. Matt Tietjen, Mrs. Robert Landeen, Mrs. Del Forsgren, Mrs. Paul Behringer, Mrs. John Sutton, Mrs. William Ferguson and Mrs. Robert Mitchell.

Mrs. John Mills, Mrs. Matt Tietjen, and Mrs. Robert Mitchell were co hostesses at a baby-shower given on the patio at the Mitchell home, 17800 Baker, for Mrs. Robert Cobb. Around 16 guests attended the party to surprise Mrs. Cobb.

Mr. and Mrs. Charles White, 17827 Baker entertained their house guests, Dr. and Mrs. Rudolpho Franco from Mexico City who are spending several days with the Whites. The affair was an open house for friends of Mr. and Mrs. White in the Chicago area and friends of the Francos.

Dr. and Mrs. Franco and Mr. and Mrs. White will leave for New York where the Franco's will embark on a ship bound for Paris. The Whites will be there to wish them a "bon voyage."

A baby shower for Mrs. Martin Moore was held

for Mrs. William McLean, Mrs. Richard Lames, Mrs. James Shell, Mrs. Edwin Raddatz, Mrs. Glenn Thacker, Mrs. Norman Million, Mrs. Donald West, Mrs. Donald Foster, Mrs. Eugene Landenberger, Mrs. John Sutton, Mrs. Lay Waggoner, Mrs. Stuart Holdbroder, Mrs. Charles Soukup, Mrs. Andrew Flann, Mrs. David Callahan, Mrs. Louis Sprenger, Mrs. George Benigni, Mrs. Harry Schlinker, and Mrs. Del Forsgren.

Mr. and Mrs. James Langigan, 18102 Mary Ann have a new baby boy James Robert 7 lbs. 2 oz. born Sept. 6 at Mary Thompson hospital in Chicago. Mrs. Donald Foster and Mrs. William McLean were hostesses at a baby shower held for Mrs. Langigan at Mrs. McLean's home, 18105 Mary Ann on Sept. 10. Guests were Mrs. Marlin Moore, Mrs. Glenn McKenzie, Mrs. Richard James, Mrs. James Shell, Mrs. Edwin Raddatz, Mrs. Herman Million, Mrs. John Rycraft, Mrs. John Sutton, Mrs. Eugene Landenberger, Mrs. Chas. MacDonald, Mrs. James Langigan Sr., Mrs. William Maddock, Mrs. Robert Moore, Mrs. R. F. McDonald.

Mrs. Laura Swanson, La Puente, Calif. was a guest in the home of Mr. and Mrs. George Shaffner, 4651 W. 185 st. for several days.

Mrs. Frank Formas and Mrs.

William Ferguson had a baby shower for Mrs. Robert Fitzpatrick at the home of Mrs. Ferguson, 4546 179th. Guests were from Chicago, Canterbury Gardens, Homewood and Country Club Hills.

Baseball, cricket and bull fighting rank as national sports in some countries. But the world's most popular game probably soccer, according to The World Book Encyclopedia.

Palos Foundation Offers Two New Classes in Its Art Program

There will be two new experiences offered in the art classes at the community center foundation, Palos Park, this fall.

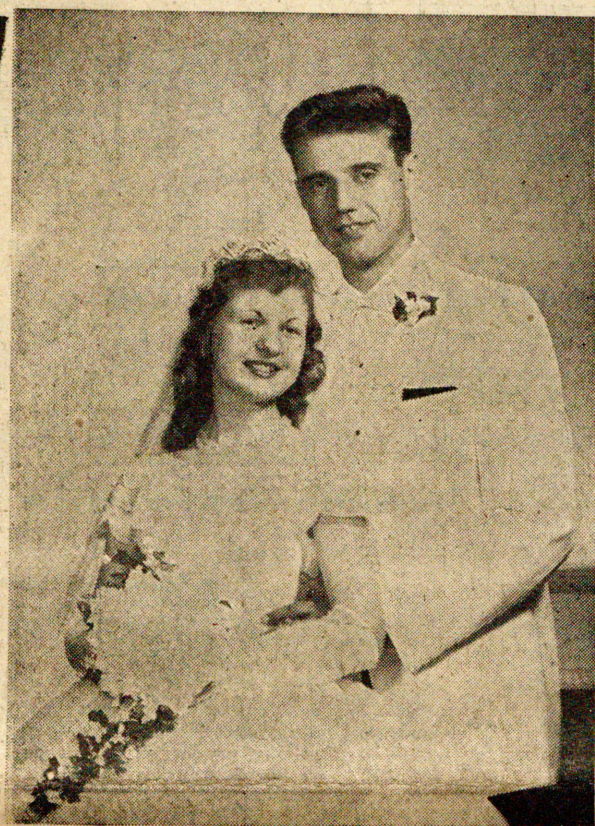

One will be the opening of a class in the principles of design. Design plays the major role in all art. Mrs. Marvin Kuachinski of Palos Heights, who will instruct the class, took a six-week course this summer in design at the Art Institute of Chicago under Douglas Craft. A number of people have asked that she share what she has learned in this class with them. Designs made in class will be transferred to fabric and made permanent by the ancient batik method. The first class will be held on Friday, October 2, from 1:30 to 3:00.

Also different in the class program this autumn is the extension of the summer landscape painting class into the fall for as long as the weather permits. The grounds of the Community Center Foundation and the Palos area offer in-

numeral beautiful subjects to paint and Palos is at its loveliest in autumn. Students who register for this class may come any Tuesday morning at 10:00 and paint until 3:00. They are asked to bring their own picnic luncheon.

The other regular classes in art begin the last week in September. Monday evening, starting September 28, from 7:30 to 9:30, Mrs. David Hurwich of Palace Park, who has had considerable experience in ceramics, will conduct the ceramics class. Tuesday evening, starting September 29, Mrs. Kutchinski will instruct the painting class from 7:30 to 9:00. She will also conduct a mosaic class Wednesday afternoon, from 1:30 to 3:30, beginning Sept. 30, and a ceramics class Thursday afternoon from 1:30 to 3:00, starting Oct. 1.

Beginners and advanced students are welcome in all of these classes. To register one may telephone Gibson 8-0780.

MR. AND MRS. ELMER GINTNER

Elmer Gintner of Tinley Park Weds Rose Petrulis on Aug. 1

Miss Rose Petrulis of Chicago, and Mr. Elmer Gintner of Tinley Park were united in marriage Saturday, August 1, in St. Rita's church, 63rd and Washenaw, Chicago.

The bride is the daughter of Mr. and Mrs. Paul Petrulis. The groom is the son of Mr. and Mrs. Noble Gintner.

Escorted to the altar by her father, the bride wore a gown of white silk organza with fitted bodice and round neckline, accented with sequins and pearls. The full skirt was appliqued with flowers and leaves with a chapel train. The fingertip veil was held by a sequin and pearl crown. She wore gauntlets and carried a white glabella with stephanotis and ivy. Her jewelry was a crystal necklace, a gift of the groom.

Miss Nancy Pines, Chicago, maid of honor, wore a waltz length gown of white nylon applique skirt over pink taffeta. Her pink veil was held by a pink crown of seeded pearls.

Mrs. Tookie Petrulis, Tulsa, Okla., sister-in-law of the bride, and Miss Alice Gintner, sister of the groom, as bridesmaids, wore green gowns with matching veils similar to the maid of honor. All wore white gloves, carrying pink glabella, also they wore matching crystal jewelry, gifts of the bride.

Carl Rauch Jr., of Joliet, served his cousin as best man. Donald Petrulis, Tulsa, Okla., brother of the bride and Kent Mann of Homewood, were ushers. The men were attired in white summer formal.

The bride's mother chose a sheer blue silk organza over blue print with matching accessories. The groom's mother wore a pink lace dress with matching accessories. Both had white stephanotis corsages.

The groom's grandmother, Mrs. Elmer Newton, Joliet was the only grandmother present. She wore a blue print voile. Her corsage was white glabella.

At 6:30 p. m. a dinner was served to 100 guests at the Beverly Woods restaurant.

Guests attending were from Orland Park, Tinley Park, Chicago, Joliet, Indiana, Connecticut and Oklahoma.

After the honeymoon trip

RUTH J. WILLIAMS

Food Consultant Presents Program At Tinley Woman's Club Sept. 23

The season's first meeting of the Tinley Park Woman's club will feature a lecture-demonstration by Ruth J. Williams, food and homemaking consultant. The business meeting will take place at 1:15 p. m. Wednesday, Sept. 23, in the American Legion hall.

Mrs. Fred Sturmer, program chairman, will present the program at 2 p. m. Representatives from local organizations have been invited as special guests for this opening meeting.

Miss Williams' program will cover the preparation of a variety of foods for entertaining, for special occasions and easy,

interesting and delicious dishes for the home folks. Many holiday ideas will be shown. She has traveled thruout the country in her work in the food industry and her program will be entertaining as well as informative and practical, plus the extra bonus of Miss Williams' friendly, natural, Hoosier wit which will make it a program you will remember with joy.

Chairman - hostess for the meeting will be Mrs. George Keuch, assisted by Mesdames Richard Freund, Elmer Knudsen, A. P. Mandl, Robert Marshall, William McClain, Melvin Rensink, and Arthur Wagner.

Orland Park Legion Auxiliary Holds Installation of Officers

At the meeting of Orland Park Unit 526, the American Legion Auxiliary, held in the home of Laura Cooper, Friday evening, Sept. 11, the following officers were installed:

Hilda Nitsche, president; Sarah Myrick, 1st vice president; Mabel Ekberg, 2nd vice president; Sally Cooper, pro tem; Dorothy Thoms, secretary; Lillian Knox, treasurer; Dagmar Myrick, chaplain; Clara Myrick, historian; and Florence Sayers, sergeant at arms.

Lilah Kruspe served as installing officer with Emily Zerbs as installing sgt. at arms. The president presented all the officers with a corsage.

Cynthia Cooper, Jackie and Gwen Zerbs, Jean and Karen Nitsche, junior members, sang the Pledge of Allegiance, with Adele Cooper at the piano. Also "Flag of the Free" and the original "Yankee Doodle" along with a flag drill.

Hilda Nitsche announced the chairman appointed the following chairman: Rehab & Vet Craft, Lilah Kruspe; Poppy, Priscilla Braasch; Americanism, Gustie Hallinan; coupon, Christina Horn; publicity, Lillian Knox; juniors, Sally Cooper; music, Adele Cooper; Illini Girl State, Emily Zerbs; community service, Bertha Nicolai; civil defense, Emily Zerbs; delegates to the 8th District, Dorothy Thoms, Adele Cooper, Sarah Myrick, Emily Zerbs and Christina Horn. Alternates, Dagmar Myrick, Gustie Hallinan, Edna Doctor, Florence Sayers and Lillian Knox.

Guests were Dorothy Hawley, who will transfer her membership to the Unit, and her daughter, Marcy, Betsy O'Connor and Judy Thoms, who will submit her membership in the Juniors.

Retiring president, Dorothy Thoms, presented her corps of officers with a gift. She also received a gift from the unit.

After adjournment, refreshments were served by Laura Cooper and Edna Doctor with Cynthia Cooper pouring coffee and Marilyn Fisher, the punch.

The October meeting will be held at the home of Christina Horn. The Department of Illinois American Legion Auxiliary will conduct a caravan, Saturday afternoon, Sept. 19, at 1 p. m. in the Lansing Legion Home on Stewart and Grand aves. All officers and chairmen are invited to attend.

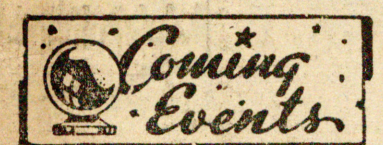

New Lenox, Mokena Frankfort Students Leave for College

WHAT'S THE STORY ON THE NEW FORD FALCON?
Come in and we'll tell you all we know!

HOW BIG WILL THE ALL-NEW FORD FALCON BE? HOW MANY PEOPLE WILL IT CARRY? HOW ABOUT POWER?
To start with, in the New-Size Ford—the Falcon—you save but never "do without!" You get modern, fine-car styling, six people room and comfort, a car that's born and bred for the American road!

LET'S TALK ABOUT STYLING FIRST
You'll be amazed by the Falcon's beauty. No "stubbiness" of other cars in this field, but low, sleek, European flair in beautifully proportioned style... "wide open" visibility all around... interior styling that's fresh and smart. The Falcon is Ford's way of proving a true economy car needn't suffer in looks or ride.

LET'S TALK ABOUT THE ALL-NEW FALCON'S SIX-PASSENGER SIZE!
In both 2- and 4-door models, the new Falcon will have full-width, full-depth seats for six adults. Plus room in the spacious trunk for all their luggage! And it can turn and park just as easily as most of those 4- and 5-passenger imported jobs!

LET'S TALK ABOUT HOW IT'S BUILT!
Like the fabulous Ford Thunderbird, the Falcon's built in the latest single-unit construction... adding extra inches everywhere inside... making the car one solid, quiet, integrated structure.

LET'S TALK FALCON PERFORMANCE!
The all-new six-cylinder engine's up front for greater safety and stability... will deliver up to 30 miles per gallon of regular gas... has a water-cooled engine which permits use of a water-type heater that's safer, never robs you of gas mileage. You can get an automatic transmission in the Falcon, too!

AND NOW... ABOUT THE FABULOUS FALCON EXPERIENCE RUN, U.S.A.!
Topping off 3 years and 3 million miles of research and development, a fleet of new Falcons is traveling every mile of U.S. highway to prove its "30-miles-per-gallon" average... and to prove it takes to the roads you drive, right around your home, like a duck takes to water!

YOU MEASURE THE FALCON'S SAVINGS IN MANY MORE WAYS THAN GAS AND OIL SAVINGS ALONE!
Take the price. Though we can't give you the figure just yet, you can be sure the Falcon's price will help prove it's the savest car, right from the start! Actually, we've just started to scratch the surface of the Falcon news, here. Come in. Bring all your questions, but make it soon. We have many orders in already.

Business and Finance

By MAURICE P. ANGLAND

In recent weeks the stock market has been churning around with the trend of prices, generally, to lower levels.

As is usual, whether the market is up or down, there are many news articles explaining the whole action as to it were a game with the bullish side in

charge for a time and then the bears taking over.

Some of the more scientific analysts point out that the market action proves that the professional investment managers of Mutual Funds, Pension and Profit Sharing Funds, do not fear a crash, but rather are interested almost solely in the more high grade situations. It must be remembered that the professional investment managers of these big funds have research staffs that commercial banks and trust companies simply cannot afford to duplicate. It is only a few years ago when such complete research organizations did not exist anywhere.

Arthur Weisenberger, a company has issued its analysis of investment trends and chances of the big investment funds as of June 30. Holdings of oil stocks have been reduced by the 36 largest investment funds from about 21 per cent of their funds to a little over 18 per cent. Oil investments still lead, however. Most heavily sold oils were Sinclair and Standard of California. Holdings of Standard of New Jersey were increased to fifth most popular, displacing American Telephone

& Telegraph in that position.

The 20 favorite stocks of these funds, were as follows ranked as to size of holdings: International Business Machines, U. S. Steel, Goodyear Tire & Rubber, Texaco, Standard of N. J., A. T. & T., Reynolds Metals, DuPont, Republic Steel, Gulf Oil, Amerasia Petroleum, Florida Light & Power, Minneapolis Honeywell, Superior Oil, International Paper, Armco Steel, Minnesota Mining & Manufacturing, Liggett & Myers Tobacco, Zenith Radio, and Ford Motor.

Based on the five largest stockholdings in each of the 36 funds analyzed, their largest stockholdings are divided as follows: oil, 18.3%; office equipment, 17; steel, 15.7; tire and rubber, 8.4; utility, 7; metal, 4.3; chemical, 4.2; rail, 3.2; electric and electronic, 3; tobacco, 2.2; drug, 2; paper, 1.9; auto, 1.2; finance, 1.1; building, 0.8; retail, 0.7; aircraft, 0.5; and miscellaneous, 8.5 per cent.

Investment analysts are watching Congress closely as to their willingness to raise interest ceiling on government bonds of over five year maturity, from 4 1/2 per cent, present legal limit, to a realistic figure.

Refunding of maturing long term bonds and the short maturities can now be sold only in the less than five year maturities since rates of interest on these bonds cannot meet investor demands. Investors still will not buy long maturities at lesser rates than they get on shorter maturities. This condition must be corrected as unless corrected, the government debt will end in commercial banks as a sort of currency addition.

Analysts wonder how serious Congress is in its desire to fight inflation. Raising the interest ceiling will be politically unpopular in many circles, but is essential to orderly handling of the government debt.

Homer

School Club's First Meeting Will be Tonight

By Elizabeth B. Anderson
Lockport 886W2

The Homer school club will hold the first meeting of the season at the Homer Consolidated school this evening, Sept. 17, at eight o'clock. The new president, Mrs. Bond, will begin her duties at this time.

An extra room is being used this year to accommodate the 166 pupils who are enrolled at 33C; this is 44 more than attended last year and they are divided as follows: first grade 27, with Mrs. Charles Jensen as teacher; second grade, 24, teacher, Mrs. Mary K. Baltz; third grade, 22, have a new teacher, Miss Kathleen Loughran of Joliet; fourth grade, 20, taught by Mrs. Harriet Fildymont of Plainfield; fifth and sixth, 25, teacher, Mrs. Harvey Ingersoll; sixth and seventh, 24, with Mrs. Henry Rodgers, teacher; seventh and eighth, 24, taught by Mrs. Andrew Lahman, who also acts as principal. Mrs. Ray Carlson is substituting for Mrs. Rodgers who is recovering from a sprained knee, and Mrs. James Elvig assisted Mrs. Lahman part of the past week.

The new Homer fire building is progressing nicely; it is situated opposite the Town Hall on Cedar rd.

The Missionary meeting will be held at Homer church on Thursday, Sept. 24, with Mrs. John W. Reiter and Mrs. Earl Burnworth acting as hostesses.

A children's choir, directed by Mrs. Theodore Grimm, is being organized at Homer church. The first rehearsal will be Thursday of this week at 3:30 pm. All children between 7 and 13 are eligible. Contact Mrs. Grimm or Mrs. Elvig for further information.

Sunday school Rally Day will be observed Sept. 20, at Homer Sunday school. All children not enrolled are especially invited to attend that day, at 9:30 am.

Mrs. Alan Shepherd placed fifth in a recipe contest sponsored by the Larre Co. and publicized in the Farm Journal. As this is a nationwide project, we congratulate Mrs. Shepherd on her good fortune.

Mrs. Earl Burnworth attended the Marine Corps Auxiliary meeting in the Nordstrom home in Lockport Wednesday evening. Election of officers was held and plans were completed for the smorgasbord which will be at St. Dennis hall, Lockport, this evening.

Faye Anderson was among the baton twirlers in the Keepataw parade at Lemont on Labor Day.

Mr. and Mrs. Roger Myers, Rte. 7, attended the golden wedding celebration of their cousins at LaGrange last Sunday.

Mrs. Wilbur Francis Sr. has returned from Massachusetts where she went to attend the funeral of her sister, Mrs. Viola Crobie, last week.

Mrs. Peter Wies spent a few days with her sister, Mrs. Walter Konow during the past week.

Mrs. Tess Markiewicz fell and sprained her ankle when visiting in the home of her friend, Mrs. Earl Burnworth, last week. She was

taken to the hospital for x-rays and returned to Burnworth's to recuperate. She is using crutches.

Mrs. Ralph Burch, Mr. and Mrs. Earl Woodbury and Mr. and Mrs. Dennis Reynolds of Wisconsin called on friends and relatives here Monday and Tuesday. Tuesday morning, Mrs. Burch and Elizabeth Anderson visited Mrs. Emma White at Salem home, Joliet. The 101 year old lady is an aunt of Mrs. Burch.

Mr. and Mrs. Mike Wies of Lisle were guests in the Clarence Wies home Tuesday.

Mr. and Mrs. Alan Shepherd and family and Mr. and Mrs. Edward Daley visited a Farm Show at Gibson City Saturday.

Mr. and Mrs. Frank Milne attended a GBH Dealers' meeting in Iowa, at the scene of the coming Farm Progress Show Thursday. Enroute they visited his sister, Mrs. Sidney

Holt near Galesburg.

Mrs. Ralph Waldvogel, Mrs. Earl Burnworth, Mrs. John W. Reiter and Mrs. Robert Sheehy plan to attend the Farm Progress Show Sept. 23.

Malcolm Phillips was a house guest in the Harold Drewes home in Lockport several days last week.

The R. W. Carlsons entertained a group of Joliet friends at a swimming party and picnic supper on Labor Day. Other guests were the Joe Vancils of Downers Grove.

Sherman Reiter is located with the armed forces in Germany.

Stewart Reiter has returned to Urbana to resume his college work.

Permit for a \$25,000 home to be erected on the east side of Parker rd., 1/2 mile north of Rte. 6, has been issued to

Woman's Club Plans 7th Annual Card and Bunco Party Sept. 25

By MRS. SHERMAN KNOX
Fieldbrook 9-0211

The 7th annual card and bunco party by the Women's club, will be held Friday, Sept. 25, in the Elementary school gym, starting at 7:30 p. m. There will also be a silent auction, penny social, and a table display of elegant junk. Excellent prizes will be awarded.

As in past years, pecans and walnuts will be for sale. Get your supply in for the coming holidays.

Tickets are available from members of the club or can be secured at the door. Refreshments will be served after the games. Mrs. Harry Pihl is chairman of this fund raising project. Mrs. Chester Williams is president of the club.

Final plans for the affair were made Sept. 11, at a meeting in the home of Mrs. Harry Pihl. An executive board meeting was also held. There were 15 members present.

After two months vacation, the ladies Auxiliary to the firemen will meet Monday, Sept. 21 at 8 p.m. in the home of Mrs. George Steinhagen. All members are urged to attend.

Dr. Jack J. Early, president of Dakota Wesleyan University in Mitchell, S. D. will be the guest speaker at both morning services Sunday, Sept. 23, at the Methodist church.

Rev. Plinston who is a summa cum laude graduate of the University and president of the Chicago Alumni Chapter, will preside at the service.

A reunion of the Koehler family Sunday, at the home of Mr. and Mrs. Louis Wydeveld was attended by Mr. and Mrs. Martin Steinhagen and daughter of Midlothian; Mr. and Mrs. N. J. Kramer and family of Benton Harbor, Mich.; Mr. and Mrs. LeRoy Kramer and son of Harvey; Mr. and Mrs. Walter Kramer, Mr. and Mrs. C. N. Koehler of Lockport; Mr. and Mrs. Angelo DePra of Lockport, Mrs. George Steinhagen, and Mrs. Lizzie Zornes and son Clarence, Chicago.

Charles Stewart and Geraldine Greenhoe left Sept. 7 for Western University at Macomb. They are majoring in education.

Janet Maue left Sept 10, for Milliken University at Decatur. She is starting a 4 year nursing program. All three young people graduated from Doctor school and Carl Sandburg High school.

Pvt. Charles E. Stewart, son of Mr. and Mrs. Charles Stewart, completed his basic training at Ft. Leonard, Mo., and attended school at Aberdeen, Md., Missile Base for eight weeks before going overseas, where he is now stationed at Karlsruhe Germany. Charles is in the Engineer Co., Floating Bridge Division.

Thomas Barton, 9827 W. 145th place, and Reed Williams, 168th st. and Wolf road, will be among a group of more than 300 new students who will enter Lawrence college, Appleton, Wis. on Sept. 16, for six days of orientation before classes in Lawrence's 112th year begin.

A full program of testing conferences with administrative officers, and social events will precede matriculation day convocation on Sept. 22, at which President Douglas M. Knight will deliver the address, and an academic procession of faculty members

Gas Co. Puts Emphasis on Safe Driving

A new driver training program, aimed at making its employe drivers among the safest in the country, recently was adopted by the Northern Illinois Gas Co.

The program, recommended by the utility's safety committee, is intended to "promote among employes (a) better than average driving ability; (b) a sense of responsibility for company equipment (c) a reduction in vehicle accidents; and (d) good public relations."

Stuart Payne, former physical education instructor at East Aurora schools and driver education instructor at the Suburban Driving School, has joined NI-Gas as a full time member of its safety department. He will be responsible for carrying out the driver training program and will work with the utility's accident review committees.

Payne said all new employes who may drive company vehicles will receive driver training as soon as possible after they are hired.

"We also plan a continuous training program for all company drivers," Payne said. "This will include riding with employes for a road check and attitude check. We will determine the driver's brake reaction time, distance judging and visual ability thru use of a Porto-Clinic. Results of these tests will permit us to make recommendations to the individual for driving improvement."

Hat Stealer Is Doing Brisk Business at Zoo

Beware of the beguiling little snatch-theif who plies his nefarious trade before the very eyes of zoo keepers in the new children's Zoo in Lincoln Park, is the warning issued by Marlin Perkins, Chicago Park District Zoo director.

His appealing chatter, his Open at 7 am Start at Dusk

friendly brown eyes and his quick, darting movements catch his victims unaware and the snatch is made before the unsuspecting zoo visitors know what has happened. Watches, eyeglasses, scarves, hats of both men and women, hairnets and balloons disappear within amazing rapidity and with an agility developed through long practice.

On the "police record" of this four-year old juvenile delinquent, who is giving the Lincoln Park Zoo staff one of its biggest headaches in years, one finds that he stole 83 hats between Aug 7 and Aug. 20. One day alone 13 balloons, one of the temptations of the little thief, were counted floated on the ceiling; he swipes the balloons by breaking the string and then the balloon drifts up to the ceiling out of reach of both the owner and the thief.

The name of this rascal? It's Chico, a Capuchin monkey, one of the star exhibits in the Children's Zoo. He holds forth on a head-high platform, fastened with a chain, but he reaches over his platform and grabs hats and balloons, or snatches a wrist-watch from an upraised arm. When he cannot reach his victims with his arm he uses his tail, gaining extra inches to grab a desired article.

Chico is friendly enough until an attempt is made to retrieve a stolen article which he very definitely decides belongs to him. Hats must be taken from him at once because he eats them; of course by the time a ladder is fetched to climb to his perch, Chico has done the damage.

Zoo attendants believe that, despite all his thieving instincts, little Chico has respect for the law. The ONLY time he ever returned an article was the time he "lifted" the hat from the head of a surprised policeman; or maybe he thought the police officer was playing a game with him, but it was a losing game for Chico because in the "you give me, I give you" play of hands, he handed the hat back to the "law."

After the Aug 7 to Aug 20 record of 83 stolen hats, zoo staff members said, this is it! So they moved Chico from his place of prominence near the entrance door to the Children's Zoo to a spot near the kitchen door. This reduced his hat-snatching record to only 30 hats from

TIME TO REVISE IT

ECONOMY ISN'T IN HERE!

Aug. 20 to Aug. 31.

Now, if you visit the Children's Zoo in Lincoln Park, and adults may enter this building Monday thru Friday but not on Saturday and Sunday when it is restricted to the younger generation, you will see a small card warning you of the goings-on of one Chico, the Capuchin monkey.

Just think, said a zoo attendant, what would happen if a man with a toupee passed beneath Chico's platform perch.

Village Players Hold Beaux Arts Ball Sept. 26

The Palos Village Players annual Beaux Arts Ball is being given Saturday, Sept. 26, at The Sabre Room Dynell Springs, 8900 W. 95th St., for members and their friends.

The theme for this gala masque ball is "Around the World." The wide scope of such a theme allows the participants imagination full swing and many original and fascinating costumes are being planned.

Russell LaMantia, vice president of social arrangements, is chairman of the Beaux Arts Ball committee. His hard working and enthusiastic committee members are Mr. and Mrs. Don Archambault, Mrs. Harry Likens, Mrs. John Goes, Mr. and Mrs. Jerry Miller, George Wennerburg and Mrs. Charles Byrne.

It is a herculean task to arrange such an affair but the committee reports many delightful surprises are in store for the guests. The magic moment, however, will be at 10 o'clock when the Palos Village Players "oscar" are presented.

Again this year "oscar" will be given for the best actress, best actor, best director, best character, best female support and best male support. A board member is not eligible to vote unless he attended all of the four plays last season. These "oscar"

Urges Drivers to Use Care in School Zones

With schools opening in the New Lenox area, Police Chief George Kennedy today appealed to motorists to be particularly watchful for children going to and from school.

Chief Kennedy said New Lenox drivers must be especially watchful, not only near school buildings but along the routes taken by children before and after school and at home.

"Children frequently dart out in the street on their way to school and some youngsters, especially the smaller ones, may have not been taught about the extra caution needed on the way to and from school," Chief Kennedy said.

He suggested that parents walk the route to school with their small children, pointing out all possible dangers from traffic.

"School administrators do a fine job instructing pupils about traffic rules and regulations, but during the first must accept responsibility for few days of school parents teaching their children the rules of safe walking and bicycle safety until safety courses in the schools can be completed," Kennedy said.

"Parents also must teach their children to respect and obey all traffic rules. This can best be accomplished by personal example," Chief Kennedy said.

The Pacific coast of the United States is 1,700 miles long.

are not given as a stunt nor is it a popularity contest. They definitely represent recognition of outstanding dramatic ability.

The board released the following names and stated more candidates would be announced at a later date.

Best actress, Katy Cott, Dial M for Murder; best actress, Lee Muntwyler, Bus Stop; best supporting actress, Louise Pool, Visit to a Small Planet; best actor, Don Pippert, Visit to a Small Planet; best actor, Everett Wyatt, Bus Stop; best supporting actor, Walt Cook, Visit to a Small Planet; best supporting actor, Doc Valentine, Visit to a Small Planet; best supporting actor, George Wennerburg, Bus Stop; best male character, Speed Leverenz, Bus Stop; best male character, John Goes, Bus Stop; best director, Jessie Wilson; best director, Zay Smith.

The winners will not be announced until the actual presentation of the awards. Where possible the 1958 "oscar" winners will have the honor of presenting the awards to the 1959 winners.

Lutheran Home Finding Society of Illinois Holding Family Forum

The Rev. W. C. Burmeister, Pastor, Zion Lutheran Church, 85th & Stoney Island Ave., Chicago, announced this week that the Lutheran Home Finding Society of Illinois, a statewide child care agency, will hold a Family Forum or work shop, to discuss family and community problems at Zion Church, Friday, Oct. 9, from 9:30 a.m. to 3 p.m.

This is one of 14 such meetings throughout Illinois this Fall sponsored by the agency which last year provided services for 288 children of whom 92 were in adoptive homes. Care was given to 109 unmarried parents. Counseling services are also provided for some children in their own homes.

These Forums are designed to give members of the 400 congregations who sponsor the organization and also representatives of local agencies, courts, and schools, an opportunity to get together for discussion of child and family problems.

Lutheran congregations of Chicagoland are invited to the Chicago Forum. The meetings are also open to the general public.

One of the main speakers at the morning session will be Prof. Clyde E. Murry, Ass't Dean School of Social Service Administration, the University of Chicago. He is a graduate of Ohio Wesleyan and Western School of Social Work. His previous experiences have included directing Neighborhood Houses in both Pennsylvania and New York, and also participation in Redevelopment

Host Pastor Burmeister will give the opening address on the theme for the day "Bearing Good Fruit." Others on the program will include foster parents as well as staff members from The Lutheran Home Finding Society.

The afternoon program will be presented by interviewers from this area who will give reports of problems related to community agencies. Following that those in attendance will have an opportunity to hear two panel discussions by representatives of Cook County agencies and organizations on problems related to youth and families.

"About the only thing you are sure to get just by asking for it is trouble."—Carl Ellis-tam.
